Army Agents Smash Global Black Mart

U.S. FAMILY LINKED WITH VAST RACKET

Brothers Arrested in Paris, Berlin; Others at Large With Arrests Promised.

BERLIN—(UP)—The U. S. army reported today that its agents had smashed a multi-million dollar global black market ring operated by a New York family with sons in Berlin, Paris, New York and Shanghai.

Criminal investigation division men said two of the round-the-world black marketeers were arrested a few days ago, one in Berlin and one in Paris. The New York and Shanghai members were reported still at large. CID officials said they "are being taken care of."

The agents seized bales of letters and cables in Paris and Berlin which they said unfolded the entire operating plan. Copies of each letter written by any member of the family were sent to all the others.

Gang Named.
CID officials said the gang members were:

Lewis Warner, former navy lieutenant and now meteorologist for American overseas airlines in Berlin.

Robert Warner, former navy lieutenant and now traffic manager for the UNRRA in Shanghai.

Oscar Selig Warner, 29, former navy lieutenant recently operating a so-called export-import business in Paris.

Al Warner, an exporter in New York.

David Warner, father of the brothers, who allegedly worked with all from headquarters at 253 West 72nd street, New York.

Deal in Diamond.

The officials said they found evidence that the Warners were dealing in almost every kind of black market goods, including diamonds, cigars, rugs, silks, penicillin, currency, perfumes, watches, clothes and the like.

The ring was described as the biggest uncovered in years.

Two of the brothers, Oscar in Paris and Lewis in Berlin, have been under arrest for several days, CID officers reported. Military authorities in Berlin have notified the war department in Washington of the evidence.

The New York and Shanghai members, including a French woman, partner of Robert Warner, were expected to be arrested, the authorities said.

Order Four Bodies Be Exhumed

Poison Found In Corpse, Mrs. Lockman Faces Murder Charge

MADISON, Ind.—(AP)—Jefferson county authorities today planned to exhume four more bodies after finding mercury poisoning in the viscera of a woman who died in 1945 while under the care of Mrs. Lottie (Tot) Lockman, 62-year-old housekeeper, who has been charged with murder.

Mrs. Lockman was arrested on the murder charges last night after State Toxicologist Dr. R. N. Harger reported finding the mercury in the remains of Mrs. Minnie McConnell. The woman had already been charged with attempting to murder a daughter-in-law of Mrs. McConnell, and had been free on bond.

Prosecutor Donald Bear said today he would ask Circuit Judge Harry E. Nichols to impanel a grand jury some time this week to investigate the case. Mrs. Lockman has repeatedly denied any wrongdoing.

All Under Care Of Mrs. Lockman.

Coroner Sidney E. Haigh said that he planned to exhume the bodies of the following persons, all of whom had been under the care of Mrs. Lockman in the last years of their lives: "Uncle Fred" Giddings, a retired farmer who died at the age of 90; Mrs. Hattie Calhoun, a recluse; Frank Lockman, blacksmith husband of the housekeeper, and his brother, Wallace Lockman.

Giddings and the Lockmans are buried near the little town of Dupont, home of the principals in the case, and Mrs. Calhoun is buried at Burlington, Ia.

Coroner Haigh said the mercury found "was sufficient to warrant Mrs. Lockman's arrest."

Wearing a faded blue cotton dress, she was taken to Jefferson county jail.

Mrs. Lockman was arrested several days ago and charged with attempting to murder by poisoning Mrs. Mamie McConnell, wife of a hardware merchant at Dupont, 15 miles northwest of here.

Navy Trainer Smacks Civilian Plane in Midair.

HUNTINGTON, W. Va.—(AP)—A mid-air collision of a Navy two-engine advanced trainer and a civilian plane near the Chesapeake-Huntington airport claimed the lives of four persons, including three Navy personnel—Sunday afternoon.

An official at the airport said that Kroken had apparently come in for a landing but overshot the runway. As he took off to attempt another landing, the navy plane crossed into the landing area and the two planes collided.

Swedes Study Soviet Rockets

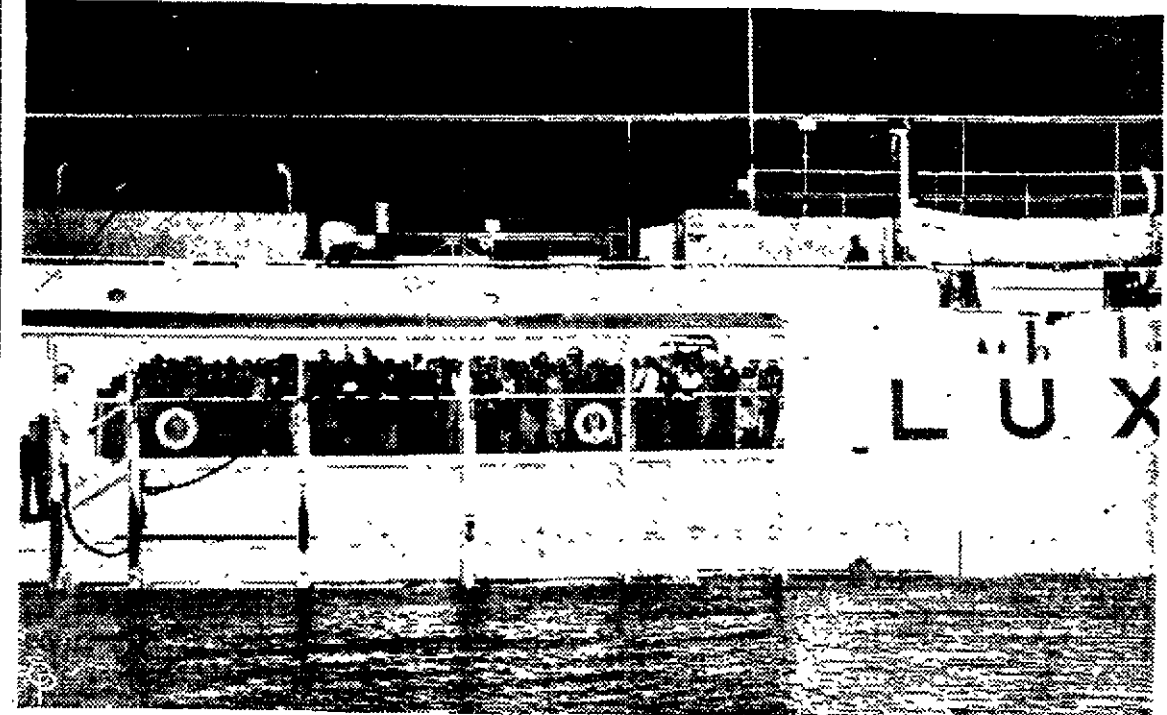

STOCKHOLM—(UP)—The Swedish army sent investigators today to Central Sweden where rockets were reported to have crashed last night during a veritable shower of the mysterious missiles.

First reports indicated the army investigators found nothing at the scene. They gave rise to a theory that the rockets are made of material of which little or nothing is left after they explode in the air.

Coast Guard Frees Lady Luck's Devotees

Coast Guard-manned water taxis took these weary patrons off the gambling ship Lux.

Stranded aboard the gambling ship Lux off Long Beach, Calif., when officials impounded the water taxi that carried them to Tony Conero's vessel, weary seekers of lady luck lined the rail for long hours before Coast Guard-manned "taxis" took them ashore. Tony himself looked pretty gloomy before he was released from jail in \$2,000 bond.

RELIGHT LUX, TONY REQUESTS

Conero Goes to U. S. Court in Second Round Bid For 'Foreign Trade.'

LOS ANGELES—(INS)—"Admiral" Tony Conero's forces, who lost the first round Saturday in their legal battle to reestablish water taxi service to their gambling ship Lux, go to court again today for the second round.

Federal Judge William C. Mathes scheduled arguments of the Conero legal battery for a temporary order restraining county and city officials from interfering with taxi service to the Lux.

In Long Beach, where the darkened Lux rides at anchor seven miles offshore, Superior Judge Leslie still refused Saturday to grant Conero a comparable injunction.

Calls It 'Foreign Trade.'

The "Admiral" is expected to argue before the federal judge that Long Beach authorities, who Thursday night seized a fleet of 11 taxis plying to his craft, are "interfering with foreign commerce" and depriving him of his constitutional rights.

The "foreign trade" angle refers to the fact Conero registered his hapless ship with the U. S. government as a "coastwise trader," theoretically operating on the high seas outside the jurisdiction of state and local authorities.

Local authorities, meanwhile, were sweating over care of the 11 impounded taxis representing an investment of \$250,000, fearing the city might be held liable for possible damage.

24-Hour Guard.

Police are maintaining a 24-hour-guard over the taxis but maintenance problems prompted the city to consider placing a licensed pilot aboard each taxi.

Meanwhile, two unions snapped at Conero's heels in a jurisdictional squabble involving the Lux's personnel.

Both the AFL Sailors Union of the Pacific and the CIO Inland Boatmen's Union threatened to take the harassed "Admiral" to court on charges he welched on signed agreements with each union to man his dice ship exclusively with members of that union.

Water Experts Thrill Crowd In Show at Park

2,000 Watch Demonstration of Lifesaving Methods At Liberty Pool; Casting Champ Presents Act.

By PHILIP GREENE
An estimated 2,000 persons witnessed a Water Safety show, highlighted by demonstrations of all types of rescue methods in water and appearance of some of the nation's top swimmers, at Liberty park yesterday afternoon and evening.

Sponsored by the Chamber of Commerce safety council and the Richland county Red Cross water safety department, the show was presented in weather that was better for football than swimming.

The free show included: Demonstrations of artificial respiration, use of the Mansfield fire department's portable iron lung, disrobing methods by swimmers who jumped into the pool fully clothed, handling of small boats in water, different types of swimming strokes, highboard diving, speed swimming, and fishing tackle casting.

Unannounced surprise of the afternoon show which brought many laughs was the antics of a trio of Mansfield athletes, Jim Sinerson, Tom Emerson and Otis Schmidt, who in clownish costume showed the crowd how not to handle one's self in the water and on diving boards.

Speakers included Mayor Roy W. Vaughn, Traffic Commissioner Fred C. Boals, Service-Safety Director William W. Enlow, Fred (Continued on Page 2)

Drive for Rooms for Workers Shows Results Within Few Minutes Today

Women Canvassers Bring Favorable Report As Campaign Opens.

A small army of women canvassers covering Mansfield this morning in search of sleeping rooms and accommodations for 5,000 new citizens needed by industry here returned encouraging reports in the first few hours of their campaign today.

One of the 40 canvassers on the street by 8:30 a. m. today reported that she had obtained five rooms in five residences within a few minutes after Mansfield's greatest room-hunting campaign had begun. Another reported three rooms obtained from her first 12 contacts.

Reports were not due until late this afternoon.

The Civic Housing committee, organized last week to serve during the emergency, reported that it felt gratified at the initial success of the city-wide drive for rooms, which is scheduled to end tomorrow night.

The two-day campaign, to which every Mansfielder has been asked to give serious consideration, marks the beginning of production expansion and building toward a "Greater Mansfield—Population 60,000 by 1950."

Farm Spokesman, Millers Say Resumption Would Bring Back Black Market.

BULLETIN

WASHINGTON—(UP)—OPA today boosted price ceilings on new automobiles an average of 7.3 per cent, and said still another increase will be granted later.

On four-door sedans, today's increases range from \$63 on a Chevrolet Fleetmaster to \$293 on a Cadillac. On a Plymouth Deluxe and a Ford Deluxe the increase is \$73. On a Buick Series 40 the hike is \$96 and on a Chrysler Royal \$99.

WASHINGTON—(INS)—Spokesmen for a major farm organization the flour millers and livestock feed manufacturers today predicted the re-birth of wartime black markets if price controls are restored on basic food items.

Their predictions were made at the opening of price decontrol board hearings to determine whether controls should remain off livestock, dairy products, grains, soy beans and cottonseed after Aug. 20.

The spokesmen were: Edward A. O'Neal, president, American farm bureau federation; M. F. Mulroy, of the Millers' National Federation; and Walter C. Berger of Des Moines, Ia., president of the American Feed Manufacturers' association.

Berger warned that if price ceilings were re-established on protein feedstuffs there would be a return of "black markets, barter trade, maldistribution and waste."

He said that the feed industry must have free access to protein feedstuffs "in order to provide farmers with properly balanced (Continued on Page 2)

HORROR HOUSE UNDER INQUIRY

Patients Found Strapped to Tables and Shackled to Their Beds.

INDIANAPOLIS—(UP)—Authorities today continued their investigation of a private nursing home, described as a "house of horrors," where patients were found shackled to their beds and strapped spread-eagle fashion to a table.

Mrs. Margaret Colvin, 50, operator of the home, was charged with assault and battery and malicious mayhem.

Her attorney, Rudolph J. Roller, said she had gone back to the home "and taken over where she left off when police came."

A raid led by Prosecutor Sherwood Blue Saturday revealed several elderly women manacled to their beds. One woman, police said, was found strapped to a table, her arms stretched above her head and her legs several feet apart.

Blue described the two-story brick house on the city's near north side as a "house of horrors." It has 20 patients.

The date of the wedding has not yet been set.

TENSION GROWS IN PALESTINE

More Refugees Reach Haifa; U. S. Reported Preparing Compromise Plan.

JERUSALEM—(UP)—Two more immigrant ships crowded with Jewish refugees anchored just outside Haifa harbor today, adding an explosive pressure to the Palestine situation already tense with reports of a pending British blockade.

Arrival of the two ships brought to 3,900, by Jewish estimate, the number of refugees aboard ship at Haifa or en route who may not be allowed to land because they are without immigration certificates.

Many have predicted bloodshed if the immigrants are not allowed to land.

Jewish circles said they believed the British intended to load the newcomers on two British troop transports, standby in the barricaded and heavily guarded harbor, and take them away, possibly to a prepared detention camp on the island of Cyprus in the eastern Mediterranean.

Washington—Suggestions for compromising Britain's plan to partition Palestine are being prepared by Undersecretary of State Dean Acheson and probably will reach President Truman's desk early this week.

Mrs. Arthur Hoover Dead On Arrival At Hospital.

BULLETIN
Thomas Ellis, 9, son of Mr. and Mrs. Forrest Ellis of 82 Mansfield avenue, Shelby, was in serious condition in Shelby hospital today following an accident in which he was hit by a car on State Route 39 near Shelby. Attached at the Shelby hospital said that the boy was suffering from a possible skull fracture. He was hit by a car driven by Vernon Holt, of Taylorville, when he rode his bicycle out of a side road, at 2 p. m., Sheriff Frank E. Robinson said.

An automobile crash in Mansfield early yesterday claimed the life of Mrs. Arthur G. Hoover, 64, of 334 West Sixth street. Mrs. Hoover who was the 12th traffic victim this year in Richland county, was en route to church with her husband when she was fatally injured. She was pronounced dead on arrival at General hospital.

Four others were injured, two seriously, in traffic accidents in and near the city yesterday and early today.

The county's toll of dead in traffic mishaps is now twice the 1945 figure for a corresponding period.

Police said that the fatal accident occurred at 8:50 a. m. yesterday at the traffic light at Penn avenue and West Fourth street. Mrs. Hoover was reported to have been sitting in the left rear seat of the Hoover car. Police said that a second car, driven by Floyd Earl Boley, 32, of 303 West Sixth street, crashed into the left rear corner of the Hoover car.

Mrs. Hoover was thrown out of the car by the impact and her head struck the pavement, officials said. Coroner D. C. Lavender said death was due to an injury at the base of the skull.

Police are investigating the accident. No charges had been filed at noon today.

The victim's husband was treated for lacerations of the upper lip and left knee and released at General hospital.

Husband Driving.

Police said that the Hoover car, driven by the victim's husband, was traveling north on Penn avenue, and that the Boley car was traveling west on West Fourth street. The Hoovers were en route to services at the Oakland Lutheran church north of the city.

Born in Mifflin township, Feb. 1, 1882, Mrs. Hoover had spent her entire life in Mansfield and vicinity. She was a member of the Oakland Lutheran church, Navy Mothers' club, the Oakland Women's Missionary society and the Mothers' Home Circle.

Surviving, besides her husband, are two cousins, Mrs. Alfred Sneeringer, of Mansfield, and George L. Bates with the U. S. navy at Bainbridge, Md., both of whom the Hoovers reared; one sister, Mrs. Ray Bush of Mansfield and one brother, Delbert Roberts of Concord, Calif.

Funeral services will be conducted Wednesday at 3 p. m. at the Finefrock funeral home by Rev. Henry Boehm, pastor of the Oakland Lutheran church. Interment will be in Windsor cemetery.

SOLDIER SHOT

GI, Alone in Jeep, Is Target of Bullet at Trieste.

TRIESTE—(INS)—Headquarters of the U. S. 83rd division disclosed today that an American soldier driving alone in a jeep was shot at near the same spot on the Trieste-Gorizia route where a GI was killed last month.

The second shooting occurred about 10 o'clock yesterday morning but the soldier, a member of the 349th infantry regiment, was not hurt.

A single shot was fired, hitting his tire. The driver turned around and went back to Trieste. The incident occurred at Doberdo del Lago.

KILLED ON WAY HOME

PORTSMOUTH—(INS)—Robert Ison, 24, of Portsmouth was killed when struck by a Norfolk and Western freight train yesterday. Ison was crossing the track on his way to his home nearby.

SOME READERS were so kind as to express amusement over my brief account of the deeds of Duffy the Goat, murderer, slagger, robber and gentleman-about-Chicago, in my young years as a reporter. Duffy, as I pointed out, had a voracious appetite for publicity. I wrote many "pieces" about him, so he was my friend. He fell into step with me one day to express his appreciation of a story in which I had referred to him as "the most vicious killer in the rottenest section of the city."

"Dat was swell," he enthused. "An' is dere anything I can do for you?"

I couldn't think of anything. "Do you want anybody bumped off?"

I could think of nobody. "Do you want anybody's leg broke?"

No—no one I could bring to mind just then. He walked along silently for several minutes, then he said: "You sure run your business in a funny way!"

The Mugg was quite another type. The Monk (short for monkey, because he had arms so long, his potent fists hung down below his knees) never carried a weapon. He was slight, but packed a punch that would have knocked down City Hall. He was a professional—the bouncer at Hickey's Gardens, out "back of the Yards," where the steer-killers and pig-stickers and their girls made merry after their toils in the abattoirs. Hickey's sold whisky for a nickel a shot, and every place it slopped over the glass it ate a knot out of

the bar. When the brawny bunks who stood all day on platforms slugging cattle on the head with sledge-hammers turned to play, they were in the mood; and when they loaded up on Hickey's hootch, they played rough. Well, that was when it was the Monk's assignment to make them keep the peace or throw them out in the middle of the car tracks.

He could do it, too, and with a minimum of violence. But one Sunday morning as I sat dangling my heels on the sergeant's desk in the Stock Yards police station, to my surprise, a couple of harness-bulls brought him in, charged with assault. It appeared he had belted unconscious one Big Max, in daylight, right on Halsted street.

"Aw," the Monk told me, "I jus' wheeled the clunk one. I left him there fucus I like him." That puzzled me a bit, and he explained.

"Las' night I stop Max a couple o' times in the Gardens—he's swingin' on anoder hunkie—it's over some dame. He ain't a bad bird when he's half-way sober. So I handle him gentle."

"Well, dis mornin' I'm comin' from church, all dressed up in me blue suit, when who do I see comin' in at me, across de street, but Big Max. I see he's crooked, an' he's mad."

"So, as he comes for me, I swing quick, once, an' I knock him out f'm under his hat."

"Because you like him?"

"Sure, if I let 'im open his kiss-er he'd o' called me somethin'—an' I'd o' had to kill 'im!"

Globe-Jotting

NUERNBERG, Germany.—(AP)—This is "30" for Maxie, the hump-backed mouse who lived in a cistern, ate aspirin tablets and dipped his whiskers in beer.

The life story of this stumpy-footed rooster begins and ends in the art-haunted Eberhard Faber castle, a jumble of marble, rococo plaster and brick built from the sale of lead pencils.

From the exalted atmosphere of his birthplace little Maxie acquired a fatal delusion of grandeur. Prowling about a rich library stocked with tales of fabled ex-

Copy for Westbrook Pegler's column failed to arrive in time for publication today. This column will be resumed tomorrow.

plots of Teutonic knights, he became intoxicated with the idea he was a royal mouse, far up the social ladder from the fugitive kitchen-type "handout" mouse.

Bolder than his timorous brethren, Maxie took the whole castle for his range and private scrounging preserve.

In his youth Maxie became hump-backed from a head-on collision with a swinging door. That left him embittered as well as telescoped, but in no wise cured him of the romantic delusion that destiny had singled him out to be a real mouse among mice, one of the earth's chosen.

He roamed the castle scornful of danger, levying regal tribute on the candy and food stores of Allied newspapermen and scaring the pants off the ladies of the press.

Maxie condescended to share more or less on his own terms, a room with myself and G. K. Hodenfield, another Associated Press correspondent. As I reported recently, he was strictly a non-silent mouse as he plodded and sniffed about the place. He was the only mouse I ever saw that could start an echo.

He had a bad habit of napping in our beds. It was very disconcerting to find a mouse asleep on your pillow, even though he was a personal acquaintance.

To break him of this, we put in front of the radiator, reading from left to right, a cracker, four salted peanuts, a small puddle of beer, and a sugar-coated aspirin tablet.

Crawling out for his evening foray, Maxie would reach through the cracker and peanuts. Then, stuffed and thirsty, he would lap up the beer and drowsily munch on the sugary aspirin tablet for dessert. Too full and weary to climb up a bedstead, he would wander groggily back under the radiator to sleep it off. That left everybody satisfied.

Now to Maxie's decline and fall: A German maid saw him once

COUNTY COURT REPORTS DROP IN CRIME CASES

Divorces Show Big Gain, But Other Business Declines in 5-Year Period.

The popular belief that Richland county is due for a post-war wave of major crime was belied today by records of the common pleas court which showed that only 86 criminal cases were before the court during the last year as compared with 117 cases in the year ended July 1, 1941.

Those were figures compiled by Court Assignment Clerk C. A. McKinley whose report to Ohio's secretary of state, Edward J. Hummel, also showed that civil cases, however, had increased from 705 to 1,115 in the five-year period.

Divorce and alimony trials accounted for the largest part of the increase in civil cases, there being 706 complaining wives or husbands in the year ended June 30, 1946 and only 256 similar cases five years ago.

Wives Get Decrees. Breakdown of the divorce report for the past year showed that 296 divorces were granted to wives and 175 to husbands. Of those cases brought by husbands, 18 were dismissed while 27 requests by wives were refused.

By all odds, neglect and cruelty were the most popular grounds for marital disputes. Of the 706 divorce cases before the court in the past year, 478 were brought because of alleged neglect and 194 listed cruelty as grounds. "Neglect" and "cruelty" cover a multitude of legal sins in Ohio.

Drunkenness accounted for only 13 of the 706 divorce cases and wilful absence was grounds for 10 others.

Despite the increase in the total number of cases before the court in the past year, combined grand and petit jury fees cost the court only \$1,782, compared with a cost of \$2,148 in 1940-1941.

Judge G. E. Kalbfleisch accounted for this by a higher rate of jury waivers, more cases settled out of court after they were once filed, and the higher total of criminal cases in the earlier year.

Civil judgments through jury verdicts, foreclosures and equity cases totaled \$46,352 in the past year and only \$10,634 in 1940-1941.

NEW CITY, N. Y.—(INS)—The son of Bridge Expert Ely Culbertson and two other youths were held for the grand jury today for an alleged raid for radio equipment on naval tankers anchored in the Hudson river.

Charged with grand larceny and possession of burglar tools are Bruce Ely Culbertson, 17, Harry A. Astlett, 2nd, 17, and Harry M. Keiser, 18, all of New York City.

Police said the navy watch played a searchlight on the youths' rowboat until they were picked up by a patrol boat. Police said they recovered a bag loaded with \$500 worth of radio equipment taken from naval tankers anchored.

The bridge expert termed his son's expedition was a "boy's prank." He said:

"I cannot understand why they were treated so severely. I know my boy and I know the other two boys. They were sure the stuff was junk to be scrapped. They are all good kids."

Youth Denies Poison Story

COLUMBUS — (AP) — Warren Rose of Columbus, who previously signed a statement that he gave poisoned candy to 16-year-old Daniel Enslow of Fremont, today reversed his story and said he had slugged him instead.

Enslow, Rose and two other youths escaped from the state Bureau of Juvenile Research July 20. Three days later, Enslow's body was found in a quarry pool near Columbus.

STRIKE SPOILS VICTORY PARTY

East Liverpool Street, Water and Incinerator Workers Reject 15% Offer.

EAST LIVERPOOL — (AP) — City Street, Incinerator and Water department workers were prepared to proceed with a strike today despite opening of the city's Victory Week celebration.

A last minute city council caucus over the week-end failed to produce a settlement of the employees' demand for an 18 1/2 cent hourly wage boost.

The AFL union rejected council's 15 percent offer as "entirely inadequate" and also turned down that body's appeal for a one-week postponement of the strike because of the victory celebration in honor of World War II veterans.

"Council's unwillingness to meet our requests leaves us no other course," declared William Watkins, business agent of Local 677, American Federation of State, County and Municipal employees. The dispute affects 42 workers.

City council also has offered paid vacations, double time for most holiday work, and upgrading of workers connecting water mains.

Turn Back Calendar At Party For Kettering At Loudonville

LOUDONVILLE — The community will give one of its biggest and most unique birthday parties Aug. 29, when the entire population is expected to turn out in honor of the 70th birthday anniversary of native son Charles F. Kettering, vice president of General Motors corporation.

The event, which will be held at Riverside park, will turn back the pages of time to the horse and buggy days. Many persons attending will come in horse-drawn carriages and in late 1890 dress. A style-show of the gay 90's will be held; a cider press will be set up and fiddlers will play for square dancing. Downtown stores will feature old-fashioned customs in their window displays.

The proclamation of the day's celebration, made by Mayor Edward L. Smith, reads: "Since Mr. Charles F. Kettering is coming back to Loudonville, his home town, to observe his 70th birthday, and our citizens have planned a very fitting celebration in his honor, we should deem it a great privilege to join our famous son and his friends on this coming occasion."

"It is a distinct honor for Loudonville that a man who has contributed so much to the world's scientific and technical advancement claims this community as his home. In all the world there is no prouder of anyone than is this community of Mr. Kettering."

"It is with distinct pride, therefore, that I proclaim the afternoon of Thursday, Aug. 29, 1946, as a holiday in Mr. Kettering's honor."

The committee in charge of the event will be headed by Bob Momm. The state highway patrol will handle traffic and extra parking space will be provided. Many of Kettering's friends from all

IT'S MARY OR MIRIAM—

A unique coincidence in names came to light today in the water, sewer and garbage office in the city building with the hiring of Miriam L. Bauer, 237 West Second street, to fill the vacancy left by Mary Jane Bellore who resigned to accept a position with the Mansfield Tire and Rubber company. Since 1932 all of the girls who have worked in the office have either been named Mary or Miriam. First it was Mary Diebler, Mary Hughes and Mary Jane Bellore. Then Miss Bellore resigned to join the WAVES and later she was released when Miss Bellore returned from the WAVES—now it's another Miriam. Warning! Don't ask for just Mary or Miriam when you phone the office.

REMEMBERS—

Little Peggy Bayer, a member of the Children's theater, has a remarkable memory for a little girl, as Director Harold McCuen found out recently. Peggy, who played the title role in "Alice in Wonderland" last year remembered his birthday and in honor of the occasion presented him with a tiny Kodachrome of herself with the following lines from the play: "Here's an un-birthday present for you," referring to a similar situation in the play.

FREE TUNES—

Ashland Elks enjoying their annual picnic yesterday at Olivesburg roadside park along with several other family groups discovered that "music hath charms" when an improvised trio of musicians began to play, attracting a sizeable crowd. The trio, which drew hearty applause from the crowd and many compliments, was composed of three Ashland musicians from different orchestras who had never before played together. They were Guy Farnsworth, Norman Baldwin and Fred Hitchcock, who presented smooth arrangements of current and old-time favorites on the banjo, violin and accordion, while George McClure provided vocal accompaniment.

FOUR LESSER POWERS GIVE TREATY VIEWS

Soviets Lose in Attempt to Bar Egypt, Mexico, Cuba, But Admit Albania Alone.

PARIS—(INS)—The peace conference today invited Albania, Mexico, Egypt and Cuba to state their views on draft treaties now pending before the 21 voting members.

The Soviet Union lost an attempt to admit Albania alone and exclude Mexico, Egypt and Cuba.

Pushing the peace of the conference along, Byrnes suggested that the commissions concerned with preparing the Italian treaty convene to right to organize themselves for work.

Ne Byrnes called for establishment of an agenda for the conference.

Calls a Halt.

As Yugoslavia and Australia clashed on procedure of the agenda, Byrnes called a halt for the morning and summoned the conference to reconvene at 4 o'clock Paris time, this afternoon.

Before voting on admission of the smaller non-voting members, Soviet Deputy Foreign Minister Andrei Vishinsky tangled with the British on order of hearing for the four nations.

Vishinsky did not oppose inviting non-members to the parley, but asked A. V. Alexander, the British delegate, to let the secretary-general arrange the order of their hearings.

Herbert V. Evatt, Australian minister for external affairs, opened the day's proceedings by supporting appeals of small Allied nations to attend the conference and demanding that a single rule be formulated to govern all such cases.

Byrnes in his capacity of chairman, then suggested that in view of the disagreement between Alexander and Vishinsky, the plenary should decide whether the general committee should handle the matter of hearings if the general secretary failed to reach an agreement.

Vishinsky quickly demanded separate voting on his and Alexander's suggestions.

Evatt said he believed Albania has an "overwhelming" case for a hearing and backed Byrnes' contention that if Albania is recognized, Mexico, Egypt and Cuba should be given the same consideration.

Alexander then proposed that Austria be added to Byrnes' list of nations to be invited, and the American secretary called for a show of hands.

CONSIDER PLAN FOR NEW ROAD

Officials Hear Complaints of Lake Residents That Water Floods Roadway.

The problem of providing some 50 families with a road from the homes near Pleasant Hill reservoir was to be considered by Richland and Ashland county commissioners. U. S. Army engineers, engineers of the Muskingum Conservancy district, the state highway department and Congressman J. Harry McGregor today.

In a meeting at the Richland county courthouse at 1 p. m., the officials were to hear complaints of the property owners who have protested that water of Pleasant Hill lake has flooded over Stoner road, the highway they normally use.

When the dam was built original plans called for the road, which is in both Richland and Ashland counties, to cross over the top of the dam, Richland County Engineer Walter E. Rusk said.

Although most of the 50 families have access to the outside world, one home is isolated by the waters, McGregor told the News-Journal today.

Protests on the condition of Stoner road, a gravel highway, have been made to almost all of the officials who were to attend today's meeting, it was said.

The road runs between Perrysville and Newville.

Village's Troubles Pile Up
Again as County Health
Group Issues Order.

LOUDONVILLE — This village will have to search for a new dumping ground after Sept. 1, the board of health has ruled.

A hunt for a suitable dumping ground has kept village fathers busy for several weeks. Whenever a new site is located, residents in that area protest, and it's ordered closed.

The present ground has been leased to the village, but residents in the locality took their complaints to the county board of health which ordered the ground closed.

The Loudonville Chapter of Red Cross secured the services of Mrs. Glenn Beardsley as secretary. Mrs. Beardsley is on duty in the Red Cross office at the Farmers and Savings bank building half day each day.

Plans are now being made for the annual M.B.A. (Mutual Benefit association) picnic to be held Saturday afternoon Aug. 31 at Riverside park.

SOME READERS were so kind as to express amusement over my brief account of the deeds of Duffy the Goat, murderer, slugger, robber and gentleman-about-Chicago, in my young years as a reporter. Duffy, as I pointed out, had a voracious appetite for publicity. I wrote many "pieces" about him, so he was my friend. He fell into step with me one day to express his appreciation of a story in which I had referred to him as "the most vicious killer in the rottenest section of the city."

"Dat was swell," he enthused. "An' is dere anything I can do for you?"

I couldn't think of anything. "Do you want anybody bumped off?"

I could think of nobody. "Do you want anybody's leg broke?"

No—one I could bring to mind just then.

He walked along silently for several minutes, then he said: "Yor sure run your business in a funny way!"

Monk the Mugg was quite another type. The Monk (short for monkey, because he had arms so long, his potent fists hung down below his knees) never carried a weapon. He was slight, but packed a punch that would have knocked down City Hall. He was a professional—the bouncer at Hickey's Gardens, out "back of the Yards," where the steer-killers and pigstickers and their girls made merry after their toils in the abattoirs.

Hickey's sold whisky for a nickel a shot, and every place it slopped over the glass it ate a knot out of

Hal Boyle **Globe-Jotting**

NUERNBERG, Germany.—(AP)—This is "30" for Maxie, the hump-backed mouse who lived in a castle, ate aspirin tablets and dipped his whiskers in beer.

The life story of this stumble-footed rodent begins and ends in the art-haunted Eberhard Faber castle, a jumble of marble, rococo plaster and brick built from the sale of lead pencils.

From the exalted atmosphere of his birthplace little Maxie acquired a fatal delusion of grandeur. Prowling about a rich library stocked with tales of fabled exploit of Teutonic knights, he became intoxicated with the idea he was a royal mouse, far up the social ladder from the fugitive kitchen-type "handout" mouse.

Bolder than his timorous brethren, Maxie took the whole castle for his range and private scrounging preserve.

In his youth Maxie became hump-backed from a head-on collision with a swinging door. That left him embittered as well as telescoped, but in no wise cured him of the romantic delusion that destiny had singled him out to be a real mouse among mice, one of the earth's chosen.

He roamed the castle scornful of danger, levying regal tribute on the candy and food stores of Allied newspapermen and scaring the pants off the ladies of the press.

Maxie condescended to share more or less on his own terms, a room with myself and G. K. Hodenfield, another Associated Press correspondent. As I reported recently, he was strictly a non-silent mouse as he plodded and sniffed about the place. He was the only mouse I ever saw that could start an echo.

He had a bad habit of napping in our beds. It was very disconcerting to find a mouse asleep on your pillow, even though he was a personal acquaintance.

To break him of this, we put in front of the radiator, reading from left to right, a cracker, four salted peanuts, a small puddle of beer, and a sugar-coated aspirin tablet.

Crawling out for his evening foray, Maxie would reach through the cracker and peanuts. Then, stuffed and thirsty, he would lap up the beer and drowsily munch on the sugary aspirin tablet for dessert. Too full and weary to climb up a bedstead, he would wander groggily back under the radiator to sleep it off. That left everybody satisfied.

Now to Maxie's decline and fall: A German maid saw him one

HOPES FOR PEACE IN CHINA FADE

Marshall Statement Seen as Calling For New U. S. Policy.

WASHINGTON — (INS) — An early announcement restating United States policy toward China was freely predicted today following General George C. Marshall's statement that peace in China appears "impossible."

Washington observers felt that the conservative World War II chief of staff would not have made this discouraging report to the public unless he was sure nothing could be gained by silence and further patient effort.

Force was added to Marshall's statement since it was joined by Dr. John Leighton Stuart, newly appointed ambassador to China. Stuart is a veteran friend of the Chinese masses.

Policy Re-examined.

Official sources declined to comment on Marshall's statement. But it had been known for some time that the United States is re-examining its policy toward China with a view to just such a contingency as a breakdown in negotiations.

Uppermost on official minds working on this problem is the belief that, if negotiations fail, civil war must inevitably follow. There are some who argue that it has already begun.

In such an event, the United States must decide whether it is going to take a side in the issue, which is unlikely, or how it will implement its neutrality.

Russia Is Puzzle.

It is believed that the major question will be Russia's attitude in event of civil strife. Premier Stalin has given assurances, far back, that he was not supporting the communists because of a lack of a competent leadership.

But he has also said that Russia could not sit by if war were to break out on her doorstep. What Stalin would do is an unanswered question.

CHINESE FORECAST EVACUATION BY U. S.

SHANGHAI — (INS) — Routine replacement of U. S. army troops in China continued today in the face of a Chinese claim that approximately half of the American army forces in the war-shattered nation will be evacuated within a few days.

Arrival over the weekend of the transports Renville and Oneida at Tsingtao cast doubt in the evacuation report which received no official confirmation.

Meanwhile, hopes for an immediate end to civil strife were considered poor and the government's Central News Agency claimed that Chinese communist forces renewed attacks against nationalists in Shantung, Honan and Shansi provinces and in Manchuria.

Only one person out of 49 examined at the chest clinic last Friday in the city health department offices showed a positive case of tuberculosis, Dr. W. B. Wild, health commissioner, reported today.

First examinations were made of 21 persons from the city, 13 from the county and three from Shelby. Re-check examinations were given seven from the city, four from the county and one from Shelby.

The one positive case was discovered among those examined for the first time from the county. Wild reported.

COUNTY COURT REPORTS DROP IN CRIME CASES

Divorces Show Big Gain, But Other Business Declines in 5-Year Period.

The popular belief that Richland county is due for a post-war wave of major crime was belied today by records of the common pleas court which showed that only 86 criminal cases were before the court during the last year as compared with 117 cases in the year ended July 1, 1941.

Those were figures compiled by Court Assignment Clerk C. A. McKinley whose report to Ohio's secretary of state, Edward J. Hummel, also showed that civil cases, however, had increased from 705 to 1,115 in the five-year period.

Divorce and alimony trials accounted for the largest part of the increase in civil cases, there being 706 complaining wives or husbands in the year ended June 30, 1946 and only 256 similar cases five years ago.

Wives Get Decrees.

Breakdown of the divorce report for the past year showed that 296 divorces were granted to wives and 175 to husbands. Of those cases brought by husbands, 18 were dismissed while 27 requests by wives were refused.

By all odds, neglect and cruelty were the most popular grounds for marital disputes. Of the 706 divorce cases before the court in the past year, 478 were brought because of alleged neglect and 194 listed cruelty as grounds. "Neglect" and "cruelty" cover a multitude of legal sins in Ohio.

Drunkness accounted for only 13 of the 706 divorce cases and wilful absence was grounds for 10 others.

Despite the increase in the total number of cases before the court in the past year, combined grand and petit jury fees cost the court only \$1,782, compared with a cost of \$2,148 in 1940-1941.

Judge G. E. Kalbfleisch accounted for this by a higher rate of jury waivers, more cases settled out of court after they were once filed, and the higher total of criminal cases in the earlier year.

Civil judgments through jury verdicts, foreclosures and equity cases totaled \$46,352 in the past year and only \$10,634 in 1940-1941.

Ely Calls It 'Boy's Prank'; Police Don't

NEW CITY, N. Y.—(INS)—The son of Bridge Expert Ely Culbertson and two other youths were held for the grand jury today for an alleged raid for radio equipment on naval tankers anchored in the Hudson river.

Charged with grand larceny and possession of burglar tools are Bruce Ely Culbertson, 17, Harry A. Aslett 2nd, 17, and Harry M. Keiser, 18, all of New York City.

Police said the navy watch played a searchlight on the youths' rowboat until they were picked up by a patrol boat. Police said they recovered a bag loaded with \$500 worth of radio equipment taken from naval tankers anchored.

The bridge expert termed his son's expedition was a "boy's prank." He said:

"I cannot understand why they were treated so severely. I know my boy and I know the other two boys. They were sure the stuff was junk to be scrapped. There are all good kids."

Youth Denies Poison Story

COLUMBUS — (AP) — Warren Rose of Columbus, who previously signed a statement that he gave poisoned candy to 16-year-old Daniel Enslow of Fremont, today reversed his story and said he had slugged him instead.

In his verbal statement to a Columbus Dispatch reporter, 15-year-old Rose said the story about the poisoned candy had been made up by another youth and "I thought I'd just play along with it."

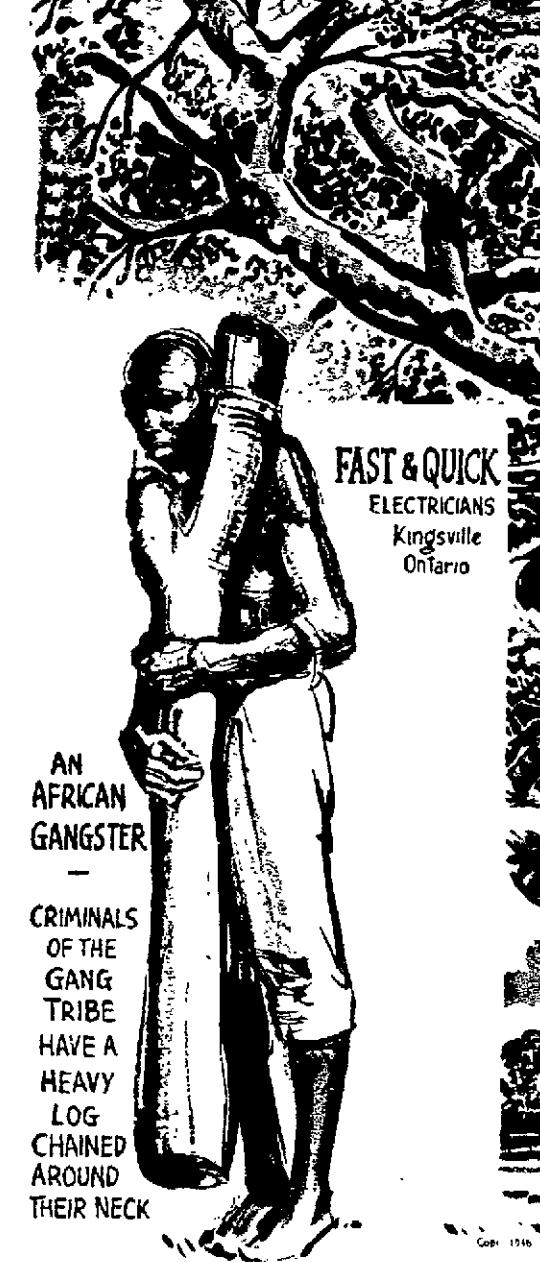

Enslow, Rose and two other youths escaped, from the state Bureau of Juvenile Research July 20. Three days later, Enslow's body was found in a quarry pool near Columbus.

STRIKE SPOILS VICTORY PARTY

East Liverpool Street, Water and Incinerator Workers Reject 15% Offer.

EAST LIVERPOOL — (AP) — City Street, Incinerator and Water department workers were prepared to proceed with a strike today despite opening of the city's Victory Week celebration.

A last minute city council caucus over the week-end failed to produce a settlement of the employees' demand for an 18 1/2 cent hourly wage boost.

The AFL union rejected council's 15 percent offer as "entirely inadequate" and also turned down that body's appeal for a one-week postponement of the strike because of the victory celebration in honor of World War II veterans.

"Council's unwillingness to meet our requests leaves us no other course," declared William Watkins, business agent of Local 677, American Federation of State, County and Municipal employees. The dispute affects 42 workers.

City council also has offered paid vacations, double time for most holiday work, and upgrading of workers connecting water mains.

Youth Denies Poison Story

COLUMBUS — (AP) — Warren Rose of Columbus, who previously signed a statement that he gave poisoned candy to 16-year-old Daniel Enslow of Fremont, today reversed his story and said he had slugged him instead.

In his verbal statement to a Columbus Dispatch reporter, 15-year-old Rose said the story about the poisoned candy had been made up by another youth and "I thought I'd just play along with it."

Enslow, Rose and two other youths escaped, from the state Bureau of Juvenile Research July 20. Three days later, Enslow's body was found in a quarry pool near Columbus.

FOUR LESSER POWERS GIVE TREATY VIEWS

Soviets Lose in Attempt to Bar Egypt, Mexico, Cuba, But Admit Albania Alone.

PARIS—(INS)—The peace conference today invited Albania, Mexico, Egypt and Cuba to state their views on draft treaties now pending before the 21 voting members.

The Soviet Union lost an attempt to admit Albania alone and exclude Mexico, Egypt and Cuba.

Pushing the peace of the conference along, Byrnes suggested that the commissions concerned with preparing the Italian treaty convene to night to organize themselves for work.

Mr. Byrnes called for establishment of an agenda for the conference.

Calls a Halt.

As Yugoslavia and Australia clashed on procedure of the agenda, Byrnes called a halt for the morning and summoned the conference to reconvene at 4 o'clock Paris time, this afternoon.

Before voting on admission of the smaller non-voting members, Soviet Deputy Foreign Minister Andrei Vishinsky tangled with the British on order of hearing for the four nations.

Vishinsky did not oppose inviting non-members to the parley, but asked A. V. Alexander, the British delegate, to let the secretary-general arrange the order of their hearings.

Herbert V. Evatt, Australian minister for external affairs, opened the day's proceedings by supporting appeals of small Allied nations to attend the conference and demanding that a single rule be formulated to govern all such cases.

Byrnes in his capacity of chairman, then suggested that in view of the disagreement between Alexander and Vishinsky, the plenary should decide whether the general committee should handle the matter of hearings if the general secretariat failed to reach an agreement.

Vichinsky quickly demanded separate voting on his and Alexander's suggestions.

Evatt said he believed Albania has an "overwhelming case for a hearing" and backed Byrnes' contention that if Albania, recognized, Mexico, Egypt and Cuba should be given the same consideration.

Alexander then proposed that Austria be added to Byrnes' list of nations to be invited, and the American secretary called for a show of hands.

REMEMBERS

Little Peggy Bayer, a member of the Children's theater, has a remarkable memory for a little girl, as Director Harold McCuen found out recently. Peggy, who played the title role in "Alice in Wonderland" last year remembered his birthday and in honor of the occasion presented him with a tiny Kodachrome of herself with the following lines from the play: "Here's an un-birthday present for you," referring to a similar situation in the play.

FREE TUNES

Ashland Elks enjoying their annual picnic yesterday at Olivesburg roadside park along with several other family groups discovered that "music hath charms" when an improvised trio of musicians began to play, attracting a sizeable crowd. The trio, which drew hearty applause from the crowd and many compliments, was composed of three Ashland musicians from different orchestras who had never before played together. They were Guy Farnsworth, Norman Baldwin and Fred Hitchcock, who presented smooth arrangements of current and old-time favorites on the banjo, violin and accordion, while George McClure provided vocal accompaniment.

CONSIDER PLAN FOR NEW ROAD

Officials Hear Complaints of Lake Residents That Water Floods Roadway.

The problem of providing some 50 families with a road from the homes near Pleasant Hill reservoir was to be considered by Richland and Ashland county commissioners, U. S. Army engineers, engineers of the Muskingum Conservancy district, the state highway department and Congressman J. Harry McGregor today.

In a meeting at the Richland county courthouse at 1 p. m., the officials were to hear complaints of the property owners who have protested that water of Pleasant Hill lake has flooded over Stoner road, the highway they normally use.

When the dam was built original plans called for the road, which is in both Richland and Ashland counties, to cross over the top of the dam, Richland County Engineer Walter E. Rusk said.

Although most of the 50 families have access to the outside world, one home is isolated by the waters, McGregor told the News-Journal today.

Protests on the condition of Stoner road, a gravel highway, have been made to almost all of the officials who were to attend today's meeting, it was said.

The road runs between Perrysville and Newville.

Cards Breathe on Neck of Dodgers With Twin Win

Hal Clawson

A few notes picked up over the weekend:

Rex Reese, promoter of the pro fight shows here, isn't going to have any more post-ponements in the main bouts on his shows. . . . Tony Rios, the Mexican lightweight had been back home in Mexico and ran into trouble trying to get back across the border last week. . . . Rios' manager wired Reese offering a substitution in case Rios couldn't get back in time. . . . "Nothing doing," said Rex. . . . "Either Rios gets here in time or the show will be postponed. The fans want to see the original fighters and not a bunch of last minute substitutions."

Boxing is currently going well here in Mansfield and there is nothing that will kill it quicker or faster than running in subs or the pay-boys putting on some "stinkeroos."

The nearly 2,000 people who attended the water show at Liberty park yesterday were of the opinion that it should be made an annual. . . . It's definitely a booster for swimming and safety.

Mel Riebe, who starred on the Great Lakes cage team and the Allman Transfers of the National Pro league, was the pitcher for the Homerville club here yesterday. . . . And to a lot of the local fans, he looked mighty tough.

Thursday of this week Bill Veck, the new owner and president of the Cleveland Indians will be in town to address the Kiwanis club.

Shell Oil, Klein Furs Lose In District Tournament

MARION—Two one-hit mound performances plus two-hit and four-hit efforts highlighted the play in the district softball tournament here Sunday night as two Mansfield teams were dropped out of the running.

Bob Regula—one of the city's hottest tossers during the past three weeks—set Strine's Service of Ashland down with a single blow but his Shell Oil nine was blanked, 1-0.

At the plate the Oils were able to garner two one-base blows off Plank, Ashland chucker.

In the night's second contest Klein Furs of Mansfield were held to a single hit and lost to the Carey Merchants, 3-0.

Larry Madden, Klein pitcher, gave up only four hits but one was a home run in the fifth inning by Meiderkohl with a mate on base.

Madden fanned four and Fredritz whiffed seven.

Ashland's lone tally against Shell Oil came in the sixth when Pickering singled to left, went to third on the catcher's bad throw to second and scored on a passed ball.

Both Regula and Plank fanned seven batters.

Tonight's games pit Safety Cabs of Mansfield against the Sycamore Hatchery at 8 o'clock and Universal Cooler of Marion against Post 72 of Mansfield at 9 o'clock.

Big Bats of Slaughter, Musial Supply Punch

Phillies Blast Brooklyn Twice; Yankees and Red Sox Break Even.

By JOE RICHLER, AP Sports Writer.

The St. Louis Cardinals once more are breathing on the necks of the National league leading Brooklyn Dodgers, principally because of the prodigious stickwork of their great one-two punch, Stan Musial and Enos Slaughter.

Led by these thumping twins, the runner-up Cards swept both ends of a double header from the Cincinnati Reds 15-4 and 7-3 yesterday to advance within a half-game of the Dodgers, who lost twice to their erstwhile "cousins," the Philadelphia Phillies.

Musial and Slaughter, who between them lead the National league hitters in six of the eight major offensive departments enjoyed one of their best batting days of the season, with Musial getting eight hits in 10 times at bat and Slaughter six in nine.

Musial divided his safeties equally in the two games, getting a double and triple in the opener and his 10th homer in the nightcap, while his Roxboro, N. C., teammate went hog-wild with the stick in the first game, driving in seven runs on five hits, including his ninth four-bagger.

Musial's eight hit barrage enabled him to take over the individual batting leadership of the loop with a mark of 369. He also leads in hits (154), runs (84), doubles (31) and triples (13), and ranks third in Slaughter with 69 runs batted in. Slaughter is hitting .302 and has driven in 88 runs.

The Reds staged a batting display of their own in the eighth inning of the opener, tying a major league record when Grady Hatton, Ray Mueller and Max West hit successive home runs. But by that time Murry Dickson, stocky Cardinal right-hander, was far out in front, and he coasted to his 11th victory. Johnny Beazley scattered six hits in winning his fourth game in the nightcap.

Apparently aroused by Chicago Cubs general manager Jimmy Gallagher's statement that they "faint every time the Dodgers come into their park," the Phils released all their fury on six Brooklyn pitchers and downed the Brooks twice 7-6 and 6-4. The pair of victories ended a skein of 12 straight Brooklyn wins this season and marked the first time Philadelphia had beaten the Dodgers at Shibe park since Sept. 10, 1944.

Manager Leo Durocher and Second Baseman Ed Stanky of the Dodgers were banished from the second game by Umpire George Magerkurth, who also cleared the Brooklyn bench of all substitutes for heckling him over a decision in the first inning.

New York's largest crowd of the season—72,320 paid—saw the Yankees and American league-leading Boston Braves divide a double header which took five hours and 11 minutes to play. The second game was halted by darkness after six and a half innings. The division left the Red Sox still 13 games in front of the Yanks.

Three hits by Catcher Hal Wagner, which drove in as many runs helped the Red Sox to a 7-5 victory in the first game while Lefty Joe Page, limited the Sox to two hits in the abbreviated second game, which the Yankees won 9-1.

Hal Newhouse, 20-game winner, went down to his fifth defeat when the Chicago White Sox whipped Detroit's Tigers twice, 3-0 and 4-3, the second game lasting 12 innings.

Bobby Feller was called in as a relief pitcher as Cleveland carried a split with the St. Louis Browns, winning the second game, 4-3, after the Browns had won the opener 3-2.

The cellar-dwelling Pittsburgh Pirates overcame a 9-1 Chicago lead to nose out the Cubs 10-9 in the first game of a double header. Then they came from behind with two eighth inning runs to earn a 4-4 tie in the nightcap. The second game was halted by Pennsylvania's curfew law.

After Johnny Sain registered his 13th victory for the Boston Braves with a 10-2 triumph over New York, the Giants came back to win the second game 9-6. A three-run homer by Sid Gordon in the ninth broke up a 6-5 tie.

Bobo Newson gained his 10th victory of the season, his seventh for his New Washington team, when he defeated his former Philadelphia Athletic teammates 3-1 in the first game of a double header. The A's came back to wound three Senators hurlers for 15 hits and a 12-5 victory in the second game.

Leaders Sweep AA Twin Bills

(By Associated Press)

Maintaining their deadlock for the American Association lead, Louisville and Indianapolis both swept doubleheader victories Sunday, but the Colonels had the easier time of it.

Louisville belted Kansas City, 3-1 and 3-0, with some brilliant pitching by Otie Clark and Al Widmar. Clark blanked the Blues for eight innings in the opener, and Widmar shut them out with four spaced hits in the nightcap.

Indianapolis edged Milwaukee, 3-2, behind the six-hit elbowing of Steve Roser, and captured the afterpiece, 6-5. Johnny Riddle doubled to score Stan Wentzel, who had walked, with the deciding marker in the fourth inning of the first game. Sibbi Sisti's triple with bases loaded and two out in the ninth gave the Tribe the second game.

Toledo stepped out of the cellar by beating Minneapolis, 5-1, after the Millers had taken the opener, 7-6. The Mudhens' Jerry Witte slammed his 30th homer of the year to score Paul Lerner and give Pitcher Walter Brown a working edge for his eight-hit win.

The Millers were the closer by scoring three runs in the ninth. The Brood made 15 hits to eight for the Kels. The winners benefitted by 11 bases on balls.

Third place St. Paul, 3 1/2 games out of the lead, won a pair from Columbus, 5-1 and 12-0, to dump the Redbirds into last place. In the opener the Saints piled up all their runs in the ninth inning, and in the second they banged four Columbus pitchers for 17 safeties.

Tigers Defeat New London

NEW LONDON — Mansfield Tigers baseball club broke the ice here yesterday afternoon with a 7-5 win over the Merchants. Coach Jim Lympers' club is the only one of four teams from Mansfield to defeat the New London nine on its home field.

Bob Winbigger turned in a nice mound performance, setting the losers down with seven hits and striking out 11.

Bob Nikolaus again was the hitting star but shared honors with Chink Foster who got three for four. Nikolaus had a triple and single.

Plenty of Action on Fight Show Tonight

Plenty of fistic action is promised for the 10-round scrap that tops the pro fight card at the outdoor Armory arena tonight.

But Promoters Rex Reese and Sam Miller have lined up a card that should also provide plenty of leather-swinging from the opening bout at 8:15 until the finale.

Tony Rios, Mexico's hard-hitting lightweight, and Harry Hart, Delaware, provide the fireworks in the feature bout.

After his fight with Willie Russell in Cincinnati a few weeks ago, Rios returned to his native land and only last week returned to the states for his scrap here tonight.

Rios' left is expected to be his main weapon when he meets Hart. The latter puncher is a boy who likes nothing better than to get in and carry the fight.

Rios was scheduled to arrive in Mansfield early this morning while Hart is set to come in for the weighing-in at the Armory this afternoon.

From the local angle, Dick Alexander, the local weight star, will be the boy to watch in the six-round semi-final when he meets Tiger Jackson, Akron.

Alexander will be seeking his fourth straight victory before the home town fans and indications are that the Rubher City boy will be tough to handle.

Another six-round bout brings together Alfredo Llanes, 133, Mexico, and Tiger Willis, 135, Columbus.

Lloyd Pine, a favorite here several years ago, makes a comeback taking on Tommy Welch, Delaware. Pine is slated to make a trip to South Africa for three fights.

This bout is for six rounds. Opening the card will be George Kerestes, Mansfield's free-swinging welter, and Bobby Grant of Akron.

Double Protection

Protect Your Safety and Comfort

From one end of the country to the other Dodge Dealers are now giving their friends and customers Double Protection.

This means that while new car production remains behind demand and schedule, every new Dodge buyer gets insured safety and comfort in the old car he is driving now.

It means that old engines, brakes, ignition, wheels and tires are carefully checked, adjusted and repaired so that there may be no risk—of either safety or comfort while waiting for the new car.

Protect Your Present Car Investment

In addition to insured safety and comfort the Double Protection program gives your present car a higher value when your time comes to turn it in.

It stands to reason that if your old car is in good condition we can allow you more than if you permit its qualities to run down.

Bring in your old car today. Let us give it a complete inspection and adjustment. Then you'll know where you stand, you'll have peace of mind, you'll be money ahead.

OF COURSE, NOW THAT YOU'VE SEEN MY GIGGLE, THIS SUPER DRESS—YOU'LL ADMIT THAT I'M YOUR HEART'S CHOICE?

NATURALLY, SINCE YOU'VE SEEN THIS RARE JEWEL I BROUGHT YOU, YOU CAN THINK ONLY OF ME?

I HARDLY KNOW WHAT TO SAY, THEY'RE BOTH SO BEAUTIFUL.

A MOMENT LATER, LOIS REGRETS HER WORDS.

FOR INSTANTLY, HER TWO SUITORS FLASH IN AND OUT OF THE APARTMENT, JAMMING IT HIGH WITH ATTRACTIVE GIFTS!

AN ENCYCLOPEDIA...A...A TURKEY! STOP! STOP! AND CLEAR THIS JUNK OUT OF HERE!!

TERRY AND THE PIRATES

BUT WHAT HAPPENED AT THE PARTY, NASTALTHIA, DEAR? I KNOW YOU DANCED WITH TERRY LEE UNTIL YOU ASKED ME TO ESCORT YOU FROM THE CLUB...

OH, NOTHING YOU WOULD UNDERSTAND, FATHER!

I SAY, ISN'T THAT CAR COMING IN THE DRIVE THE ONE YOU SENT FOR YOUNG CHARLES? I WONDERED WHAT HAD HAPPENED.

WHY—AH—YES, IT IS, FATHER! I MUST RUN DOWN AND ASK MY DRIVER. WHAT IS THE MEANING OF THE DELAY!

MOON LU! COME HERE THIS INSTANT AND TELL ME HOW OUR PLAN WORKS.

YOU'RE REALLY WONDERFUL, NASTALTHIA!... I THOUGHT YOUR DRIVER WAS STALLING WHEN THE CAR ACTED UP—BUT HERE YOU ARE, STILL WAITING FOR OL' HOTSHOT TO TAKE YOU TO THE DANCE!

GASOLINE ALLEY—

I'M RAKIN' TO GO, FATHER. WHAT'S MY JOB TODAY?

WHAT KIND OF A STEEPLEJACK ARE YOU, SKEEZIX?

NOT BAD, DOES THE WINDMILL NEED FUJIN?

YES, AND MOTHER WON'T LET ME CLIMB UP THERE ANYMORE. TOO OLD, SHE SAYS. ISN'T THAT FOOLISH?

NO USE WORRYING HER, WHAT'S TO BE DONE?

HERE ARE A COUPLE OF PARTS THAT DROPPED OFF, AND IT NEEDS A JOB OF GREASING.

TILLIE THE TOILER—

SOMETHING'S WRONG WITH TILLIE! HER MIND ISN'T ON HER WORK!

IRWIN, I'M AFRAID THE TRUTH IS YOUR CROONING'S BAD.

BUT YOU SAID YOU LIKED IT!

I DO, BUT THE EAR SPECIALIST SAYS I ONLY IMAGINE IT'S GOOD BECAUSE I LOVE YOU!

AND I SUPPOSE I ONLY IMAGINE IT'S GOOD BECAUSE I'M CRAZY ABOUT MYSELF!

MICKEY MOUSE—

GAWRSH...WISH I WUZ HANDSOME. SO, THUL LADIES WOULD LOOK AT ME LIKE THAT!

WHO KNOWS? MAYBE YOU HAVE A VOICE! LET'S MAKE A RECORD AND SEE!

OH...OH...

HMM? OHNNHHH...THAT VOICE!

THE GUMPS—

BY THE BEARD OF THE PROPHET, I SHALL CARVE YOU INTO SMALL PIECES! HOW DARE YOU SEND THAT HOOT OWL A LOVE LETTER UNDER MY SIGNATURE?

HAS THE OWL BEEN IN THE HOUSE ONE NO PITY?

I LOVE ONLY THE BEAUTIFUL MAJOR COUNTESS KELLY! PITY FOR THAT HOOT OWL?

NO, PITY FOR ME PLEASE. I'M FINE FOR THE LUSCIOUS MUTTON CHOPS THAT HER MONEY WILL BUY. HURRY—SHE AWAITS YOU!

LATER, THE DOORBELL RINGS. I WILL ANSWER IT MYSELF!

BUT LET HER DESTROY THE MEDICINE SHE NEEDS!

THE NEBBES—

FOLKS, HERE'S MY WIFE AND THERE'S YOUR TRAILER.

WON'T YOU BE IN MRS. SMITH'S?

SO THIS IS WHERE WE MOVED OUR HOUSE?

DON'T GET IN A TITZY MAW, THEY WAS TRYIN' TO DO THE RIGHT THING.

FOR WHOM?

YOUR LOT WILL GO FOR TAXES, BUT THIS HOUSE IS STILL YOUR OWN.

I NEVER THOUGHT IT WOULD END UP ON A SCOW.

DO YOU THINK SHE'S ANGRY?

SHE'S GOT A MOUTH TO BE—BUT IT AIN'T MADE UP!

PENNY—

WELL, IF IT'S ALL OVER TOWN, SHIRLEY, IT'S DEFINITELY NOT MY FAULT...

THE NERVE OF HER, SAYING I CAN'T KEEP A SECRET, AUNT ELLIEN!

ARE YOU SURE YOU CAN, DEAR?

I MOST POSITIVELY CAN...

THE WHOLE TROUBLE IS THAT THE PEOPLE I TELL THEM TO CAN'T.

RIP KIRBY—

HURRY, FINISH THOSE TWO OFF!

EXPLOSION! OUR ROAD MINE! WE'RE BEING ATTACKED!

HAVING WRESTED THE DEADLY WICKS FORMULA FROM RIP AND HONEY, THE GANGSTERS ARE ABOUT TO SHOOT THEM.

ONE POLICE CAR IS A TWISTED WRECK...THE OTHER DISCHARGES ITS VENGEFUL OCCUPANTS AT THE NEWLY-BLOWN CRATERS EDGE.

MEANWHILE, DESMOND HAS LEFT HIS CAR AND IS SKIRTING THE GANG HIDE-OUT!

MY NEW MOUNTAIN PEN IS GUARANTEED NOT TO LEAK IN AN AIRPLANE AND I'M TESTING IT OUT.

I CERTAINLY LOVE MY NEW PEN!

IT WAS A TERRIBLE EXTRAVAGANCE.

I JUST PAID FIFTEEN DOLLARS FOR IT, AND IT'S GUARANTEED FOR A LIFETIME.

BUT YOU FORGET YOU'RE A MIDDLE-AGED MAN ALREADY.

LITTLE ORPHAN ANNIE—

YES—MAYBE A YOUNG HEART BEATS AN OLD HEAD—I HOPE SO—BUT I STILL FEEL IT ISN'T FITTIN' THAT MONEY SHOULD GO TO FRED.

BUT SHE LOVES HIM.

YES—I GUESS YOU'RE RIGHT IN FRED'S CASE.

YES, GERTIE, THEY'RE CURTAINS FROM MY GRANDMOTHER'S OLD HOME IN SICILY.

EASY, NOW! MISS TRUEHEART, DIET SMITH, PAT PATTON, CHIEF BRANDON AND JUNIOR ARE GOING TO BE HERE TOO.

THAT'S DIFFERENT, EFFEN WE'RE HAVING COMPANY, THEN I'D BETTER CHANGE MY CLOTHES. RECKON I'LL RENT A TUXEDO AND BUY A NECKTIE.

I'LL SAY YOU WILL.

MODEST GAINS SHOWN IN QUIET STOCK TRADING

Steel and Whisky Shares Register Upswings of About Point.

NEW YORK — (AP) — Stocks peeked out modest gains in quiet forenoon trading today. Steels and whisky shares met good demand and stood out with gains running to about a point.

The dull trading of last week carried over into this morning's deals. In the first hour only 150,000 shares were transferred. The second hour was even quieter.

U. S. Steel was in demand from the opening. Around noon it ruled a point higher. Bethlehem and other steels showed fractional advances. Hiram Walker led the liquor stocks upward with a jump of more than a point.

Modest gains were displayed by motors, mail orders and rubbers. International Telephone was active, about a point higher. Aviation, utilities, rails and oils were irregular and dull. U. S. Gypsum highlighted a quiet building group with a bulge of more than 2 points.

Bonds and curb shares held firm.

PLANE, AUTO CRASHES FATAL TO 2 PERSONS

Mansfield Woman En Route to

Youth Killed in Hawaii.

(Continued From Page 1)
Duff, 224 Atcheson avenue, re-
maining in "poor" condition at
Mansfield General hospital to-
day, as a result of injuries suf-
fered when he ran between two
cars at 4:10 p. m. yesterday on
Liberty park bridge.

Officers said that the accident
occurred during the last part of
the Water Safety show, sponsored
by the Mansfield Chamber of
Commerce and the Red Cross yester-
day in the park pool. Police
said that Charles R. Franzen, 23,
of 291 Bulkley avenue, who was
driving south across the bridge at
about five miles per hour, struck
the child without noticing that
the boy had run between the cars.

Witnesses said the boy was
standing on the east side of the
bridge and ran across in front of
the car. The child was reported to
have received multiple lacerations,
possible internal injuries
and skull fracture.

Also reported in "poor" condi-
tion at the hospital today was
James Lewis, 25, of 511 Spring-
mill street, who received multiple
contusions and abrasions, fractured
jaw and possible skull fracture
at 1 a. m. yesterday when his car
collided with a Commercial
Motor Freight truck in front of
the trucking office on Park ave-
nue east.

Bill Martin, Youngstown, driver
of the truck, was not injured. Of-
ficers said that Martin was pull-
ing onto the highway when the
collision occurred. The impact
broke the rear axle loose from the
trailer.

Mrs. Murray B. Vernon, 43,
who suffered a possible skull
fracture yesterday at 2:45 a. m.,
when the auto in which she was
riding was rammed by another,
was reported in "good" condition
at the hospital today. The acci-
dent occurred on U. S. Route
42, northeast of Williamsport in
Morrow county.

Driver of the car which ran into
the Vernon car, Clyde W. Hilde-
brand, 25, of Shauk, was fined
\$25 and costs on charges of un-
safe operation in Mayor R. G.
Booher's court in Mt. Gilead yester-
day.

A minor accident around 8:10
a. m. today on Wayne street, sent
four-year-old Wendell Elliott, 200
Wayne street, to the hospital with
facial abrasions. The child was
treated and released. Police re-
ported that the child was struck
by a car driven by L. W. Mitchell,
Mansfield, R. D. 4, who said that
the boy ran from behind a parked
car into his lane of traffic. Mit-
chell said he was traveling about 15
miles per hour.

Fight Return Of Controls

rations which will spell maximum,
economical production of wheat,
milk and eggs.

O'Neal told the three-man fed-
eral board that food items should
be rationed if price regulations are
resumed.

He also called for strict govern-
ment control of wages if price
control is restored to the food
items.

O'Neal said: "prices cannot be
controlled without the control of
consumers' incomes."

Mulroy held that wheat price
regulations are "impracticable and
unenforceable." He declared:

"Today, with wheat in free
supply on open market channels,
there is nothing to inspire black
marketing. But a return to price
regulations surely would put the
illicit operations back into busi-
ness."

Weston B. Grimes, spokesman
for Cargill, Inc., millers of Min-
neapolis, Minn., told the board
that the grain supply in the coun-
try now is at a high level.

WATER EXPERTS THRILL CROWD IN PARK SHOW

2,000 Watch Demonstration of
Lifesaving Methods at
Liberty Pool.

Bardsley, who directed the Red
Cross portion of the show, and
Harold Minto, swimming coach of
the Firestone club, who had sev-
eral of his star swimmers appear.

Cites Safety Need.
Speaking for the Mansfield po-
lice department and the Chamber
of Commerce safety council, Boals
reminded his listeners that safety
on the highways was part of the
topic of the show. He revealed that
the city yesterday experienced an-
other traffic death and also a
"near death case."

"This traffic death did not come
from any specific violation of traf-
fic laws, but rather resulted sim-
ply from careless habits. The moral
is that we will all live longer if we
form the habit of being careful in
whatever we do," Boals said.

Mayor Vaughn welcomed the
crowd and the participants of the
show and commended the C. of C.
safety council for its work which
in 1945 helped bring Mansfield the
title of "safest city" in traffic
among those whose population
ranged from 25,000 to 50,000.

Enlow introduced Fire Chief L.
J. Steele, who acted as narrator
during demonstration of his de-
partment's portable iron lung.

Bardsley narrated most of the Red
Cross portion of the program and
J. Gilbert Baird was master of
ceremonies for the entire show.

**Four star women swimmers of
the Firestone club were Betty
Lachok, Bernice Looney, Kath-
leen Mahoney and Loretta Mc-
Elroy, while Minto also had Tom
Conway, diver, and Don Gross
and Jack Taylor, speed swim-
mers, perform.**

The crowd thrilled to the high
diving of Conway and Mansfield's
own Otto Schmitt, in a dual per-
formance.

Miss Ruth Sheriff, daughter of
Rev. and Mrs. C. F. Sheriff, was
the "model" used in artificial res-
piration demonstration by Dave
Buell and on whom Fire Capt.
Virgil Norris and Fireman Ervin
Remy fitted the iron lung for
demonstration.

Twin sisters, the Misses Irene
and Irene Hoffman, 262 Elmwood
drive, simulated a drowning res-
cue, one towing by the hair the
other from the middle of the pool.

Dick Moulton, casting expert
of True Temper fishing equipment
of the American Fork and Hoe
company, showed what can be
done by a fisherman who knows
how to handle a rod and reel.

The new American Legion band,
under the direction of Jack Lewis,
played several numbers before the
water show got under way.

In the evening, a concert by the
Liberty park band, under the di-
rection of Frank Dekrell, was given
and a movie entitled "A Safe
Day" was shown. Another movie,
"Screwdrivers and Screwways,"
which was scheduled to be shown,
was not exhibited after it failed
to arrive on time.

CONTINUE TO PROBE DEATH

Ashland Officials Still in Dark
Over Cause of Demise
of Mrs. Semler.

ASHLAND—With Police Chief
Harry Smith beginning his vaca-
tion yesterday, Prosecutor C. W.
Choeperding and Coroner A. D.
Lewis will continue the investi-
gation into the mystery death of
Mrs. Kate Semler, attractive 48-
year-old Ashland woman, whose
unsolved death of Aug. 2 remains
Ashland's biggest puzzle.

Reports are still being await-
ed from the Federal Bureau of
Investigation to which finger-
prints found on the body and on
the cistern top have been sent
for analysis. It is believed pos-
sible the FBI report may re-
sult in a verdict in the death
by Dr. Lewis. Mrs. Semler was
found dead in the cistern.

Meanwhile police continue to
scotch rumors arising from the un-
solved death. Many of them con-
cern friends of the dead woman
whom individuals persist in involv-
ing in the death.

There is no indication that per-
sons will be questioned or arrests
made unless the FBI reports war-
rant such action, police said.

Bedtime Stories

FREE AT LAST
When mother love may be abused
at length it is refused.
—Mrs. Redeye the Vireo.

Just in time, Mrs. Redeye saw
Sharpskin and dove headlong
into a tangle of vines and
bushes.

World as other young birds did. He simply wouldn't do it, and there seemed to be no way of making him do it.

He was lazy. Yes, sir, he was lazy. And he thought himself smart. Why work when he could make another work for him? He wouldn't and didn't. So he killed the mother love Mrs. Redeye had so freely given him until now the one thing she wanted more than anything else in the world was to get rid of him. She wanted to be free of him, never to see him again. She had tried and tried to slip away from him, but all in vain. What is more, she wasn't really getting enough to eat herself. He was so big and strong he could and did snatch food from her bill before she could swallow it.

He had just done this one afternoon when Sharpskin the Hawk happened that way. He saw Mrs. Redeye but didn't see the young Cowbird who at the moment was hidden by some leaves. Just in time Mrs. Redeye saw Sharpskin and dove headlong into a tangle of vines and bushes. As she did so she shrieked a warning. The young Cowbird was smart enough not to fly. He squatted where he was and kept still. Sharpskin shot past without seeing him but gave him a dreadful fright, such a fright that it was quite a while before he dared move, fearful that Sharpskin was still somewhere near.

He wasn't. Having missed her had gone on his way. Mrs. Redeye had seen him go. Now was her chance. She slipped on the far side of her refuge and keeping it between her and the young Cowbird flew low until she was far enough away to be sure she could keep out of his sight. She was free at last! What a wonderful feeling freedom is.

Barclay On Bridge

By SHEPARD BARCLAY

THERE ARE two general classes of situations in which an opening lead of a trump may be soundly recommended. One is negative in nature, when your own hand and the bidding are such that any other lead bids fair to cost the defense a trick. The other is very positive—when development of the bidding makes it seem likely that the declarer will, surely want to use the trumps in his own hand or the dummy for ruffing. In this circumstance, the opening lead of a trump constitutes an attack on the enemy's "prepared position," as the military nabobs would describe it.

If West had been listening intently, he would have realized that North and South must have a beautiful cross-ruff available.

Notice how North, with a hand too puny to even make a minimum free overcall after West's 1-Heart, was nevertheless so mighty, as soon as he heard the spade bid, that he could hop all the way to game. No kind of hand could be so bad the first time and so good the second unless it was weak in high cards, but terrific in distributional values—a capital spade fit, with at least four of the suit, and extremely unbalanced distribution elsewhere.

West did not take this into account, however. He scored his club K and A, then led the 9 to the Q, whereupon East returned

PLAN CLASSES ON TEMPERANCE

Remind West Virginia Schools of Law Calling For Instruction.

CHARLESTON, W. Va.—(AP)—County school officials planning their 1946-47 classroom schedule have been directed not to overlook a state law calling for instruction in "scientific temperance."

The West Virginia statute orders that the "state board of education shall cause to be taught in all of the public schools of this state the subject of scientific temperance, including the nature of alcoholic drinks and narcotics, with special instruction as to their effect upon the human system and society in general."

State Superintendent W. W. Trent, in directing county school heads to "keep this requirement in mind," added that "outside agencies such as the WCTU and the Anti-Saloon league may well be called upon to give assistance."

Anything in the nature of propaganda, however, will be prohibited, Trent asserted.

'46 Graduates Plan To Wed

ASHLAND — Engagements of two Ashland high school girl graduates of the 1946 class were being announced today by their parents.

Announcement was made by Mr. and Mrs. Russell Miller, 515 Chestnut street, of the engagement of their daughter, Bonnie, to Harold Carnahan, son of Mr. and Mrs. Russell Carnahan, 617 Cleveland avenue. Miss Miller is an employee of the A. L. Garber company and Carnahan, graduate of Ashland high school in 1944, has been employed at the same plant since his discharge from the army air corps.

Mr. and Mrs. C. W. Bolin, 303 Vesper street, are announcing the engagement of their daughter, Louisa, to Lewis Wright, son of Mr. and Mrs. W. C. Wright, 226 High street. Both are employees of the A. L. Garber company. No wedding dates have been set by either couple.

Perry University Plan Postponed

COLUMBUS—(AP)—No mode toward establishing a branch of State university at Camp Perry will be made until after the six state universities complete their enrollment for the fall terms, Gov. Frank J. Lausche said today.

If the universities are unable to care for all the student applications, the Camp Perry project will be given further consideration, he added.

HERE is a pleasant little game that will give you a message every day. It is a numerical puzzle designed to spell out your fortune. Count the letters in your first name. If the number of letters is 6 or more, subtract 4. If the number is less than 6, add 3. The result is your key number. Start at the upper left-hand corner of the rectangle and check every one of your key numbers, left to right. Then read the message the letters under the checked figures give you.

Uncle Morris came home from seeing his favorite nephew off on the Queen Mary with his hair matted and his clothes in a dreadful mess.

The three-year hitch in the Army enabled one observant re-

FALSE TEETH That Loosen Need Not Embarrass

Many wearers of false teeth have suffered real embarrassment because their plate dropped, slipped or wobbled at just the wrong time. Do not live in fear of this happening to you. Just sprinkle a little FASTEETH, the alkaline (non-acid) powder, on your plates. Holds false teeth more firmly, so they feel more comfortable. Does not sour. Checks "plate odor" (denture breath). Get FASTEETH at any drug store.

Mansfield News-Journal

AN INDEPENDENT NEWSPAPER

MANSFIELD, OHIO, MONDAY, AUGUST 12, 1946

It DID 'Happen Here' Yesterday

NO STREET intersection in Mansfield would seem safer than that at West Fourth street and Penn avenue, where a traffic light gives ample warning to motorists by blinking red twice before completing the turn from green to red, and changes directly from red to green in giving the go-ahead signal.

Yet it was at this intersection yesterday that a fatal crash occurred, resulting in the death of a Mansfield woman who was on her way to church service.

It remains for authorities to clear up the cause of the crash, yet the fact remains that all traffic dangers are not confined to congested highways or to distant places—that they exist at every street intersection right here at home—even those guarded by traffic lights . . . if either of two drivers disregards the danger signal.

It was only last Wednesday, in an effort to emphasize the need of caution, that The News-Journal reprinted on this page an editorial which vividly portrayed the frightfulness of a traffic crash, and in the customary "Drive carefully tomorrow" warning that headed this column last Saturday, there was the reminder, "Remember that 'It Could Happen Here—To YOU!'"

Only justification for this reference to what happened yesterday at the corner of West Fourth street and Penn avenue is that it may come to the attention of some motorist-readers who have been inclined to take their own safety for granted, and to again stress the point that constant vigilance is necessary while driving a car, whether on a crowded highway or in what appears to be the safety of a guarded street intersection.

Disposing of Surplus War Materials

FOREIGN SALES of war surplus materials have already amounted to more than one billion dollars. Production cost was more than three billions, but under the circumstances, the United States is considered lucky to get one in three.

Enormous waste is inevitable in war. It is not only getting there first with the most men that counts for victory, but getting there first, last and all the time with so great and unceasing a flow of materials that there need be no worry about having enough. As a matter of fact, enough is not really enough. It takes a great deal more than enough to win. Uncle Sam had plenty and used it freely, won his share of the war, and was able to lend to his partners. So on that score it can be called quits.

There are two other considerations about surplus property. One is that when a devastated country can buy blankets, underwear, canned foods, lumber, screws, bolts and nails, the general rebuilding is farther along. It is good to know that those things go to people who can use them for restocking and rebuilding rather than for the purely military uses of killing and destroying.

The other point concerns material which did not go overseas. It ought to be put into hands which will retail it as soon as possible at a low cost to civilians who need it. Tax-payers paid and will long be paying for it. Let them get the benefit of quick sales at low prices. The quicker all these goods are sold, the better for everybody.

Delving Into South American Ruins

WAS the world's oldest civilization located in South America? The late Arturo Posnansky, archaeologist and museum director, thought so. He was born in Germany, went to Bolivia and became one of the greatest living authorities on the Inca ruins of Pacific South America. One site, Tiahuanacu, near Lake Titicaca in Bolivia, particularly fascinated him.

Last year Posnansky published a large three-volume work, which was translated into English, to prove that Tiahuanacu dated back not merely to B. C. 4,000 or 5,000, like the earliest remains in Egypt and Babylon, but to B. C. 11,000. Although many stone knives and other objects made by prehistoric man are much earlier, if his date is correct, Tiahuanacu would be far the oldest city known.

As is always the case with specialists, other specialists do not agree with Posnansky. But he has helped make Tiahuanacu into one of the world's most famous ruins.

Reviving Some Old Paper Mills

OLD paper mills recently repaired and put into use again are adding to current paper production. An interesting example is the Canadian mill at Espanola, Ontario, which once supported a busy population. It ran down and the whole town was finally abandoned, with old houses shuttered, inhabitants gone elsewhere, and no business worth mentioning. During the war, the old buildings were turned into barracks for German prisoners of war.

Now the old mill is coming to life again. More than \$5,000,000 are being poured into the investment, and the town is starting to hum. The trees belonging to this mill are to be treated as crops, and certain sections of forest land cut each year with an eye to the return of the saw after other sections have been cut in rotation.

There is to be planned, continuous cutting over the hundreds of square miles of timber. If the new cutting plan succeeds, paper envelopes will be stable and the town can grow in a permanent way.

Other Countries Adopt TVA Idea

THE Tennessee Valley Authority is another American idea that has gone around the world. Among its imitators are the Dnieper river dam in southern Russia, destroyed during the war and now being rebuilt, and proposed hydro-electric development of the Yangtze river in China and the Orinoco in Venezuela.

Now comes an Egyptian plan to harness not only the Nile but also the Mediterranean. Together the projects would generate about one-half as much power as Boulder dam, but would give poverty-stricken Egypt three times as much electricity as it now possesses.

America's T.V.A., Boulder dam and Grand Coulee seem likely to influence other parts of the world for years to come.

Seems odd that the approach of mid-August has brought no suggestion that it's time to be putting in next winter's coal supply.

Claude Callan has an idea that "children appreciate you more when you quit helping them and they begin helping you."

WHERE SOUND SLEEP IS IMPOSSIBLE

Drew Pearson

(Note: Drew Pearson's column today takes the form of a letter written from war-torn Austria to his daughter in the United States.)

My dear daughter:

I am in the old and once-beautiful city of Vienna, and being here makes me feel old myself—and reminds me of the old Vienna. This was once the gayest and most frivolous capital in the world. Your grandfather, Count Gyizky, lived here for a time and when he died he bequeathed in his will that he be buried in his red hunting jacket. That perhaps, was symbolic of those carefree, never-to-be-forgotten days of the Hapsburgs when a very privileged few rode to hounds, danced in great castles along the Danube, and enjoyed life at the expense of the unprivileged thousands.

Vienna holds many memories for me. I was first here in 1920, shortly after the last war, when the city was being looted by the Italians but was still relatively gay. The Viennese seemed able to smile, the cafes were crowded, the opera was in full swing and I had a marvelous time. I even fell in love with an American lady whose name I cannot now remember. That really shows I am getting old.

Then I came back in 1923, when I was a young newspaperman and you had not entered my life. Vienna was still hungry but still fairly gay and I remember sitting in a cafe, listening to a forty-piece orchestra play, "Yes, We Have No Bananas." That song dates the trip.

I was then interviewing Europe's twelve greatest men. Personally I didn't think that some of them were so great—such as Mussolini—but it was an assignment and my editors thought differently. Anyway, in Vienna I interviewed President Hainisch and Chancellor Seipel, the latter being very busy and not at all anxious to see me. President Hainisch was more gracious but I remembered getting lost in the maze of corridors leading to his office and being out of breath and

50 YEARS AGO TODAY

S. N. Ford's team ran away five miles east of city, upsetting another buggy in the road.

TODAY IN HISTORY

A storm in Narragansett Bay on Aug. 12, 1778, prevented a fight between the French and British fleets.

Diplomats Should Realize That Improving Lot of Fellow Men Is Only Road to Peace.

afraid that I would be terribly late. That was 23 years ago.

Since then another war has intervened, another defeat for Austria, another post-war period when her people must begin to rebuild the ruins of their shattered lives.

Today, Vienna is like a once beautiful woman, broken, tired, pathetic, unabashedly peddling her virtue in the street.

The once magnificent opera house where, twenty years ago, I heard Jeritta sing, is now a shambles. Its walls still stand but bombs have ruined its interior. The once gay boulevards are heaped with rubble and the people who move along them walk as if they didn't really care whether they ever reached their destinations.

Today I called on the president of Austria and the chancellor. The old president and chancellor whom I interviewed in 1923 are dead. New men have taken their places—new men facing the same problems.

Today, instead of cooling my heels to see them, they waited to see me. I was late. There had been a misunderstanding about the time of my appointments but they waited for me. They were pathetically glad to talk to someone who would listen to the plight of Austria.

Chancellor Figl is a tough little peasant, determined to get the Russians out of his country and pay great tribute to Gen. Mark Clark, the American commander here, for not letting the Russians outbluff him. President Renner is an old-fashioned Socialist, beard and all, the type which the Communists have been bumping off in Bulgaria and Germany. Probably they would have got rid of him also if General Clark wasn't even tougher than the Russians.

General Clark, incidentally, has been doing a fine job and it's too bad all that Texas turre over the Rapido river bluffing should have been raised. It makes the Russians think he doesn't have the support of his government.

I am back at my typewriter in the Bristol hotel—the same hotel where I stayed 23 years ago and am looking out at the crowded streets, the bombed roofs and the unhappy people. I have been thinking about war.

Twice in my lifetime Austria has been defeated in war—bitingly defeated. Why is it, then, that they come back for more? I don't suppose, if you asked one of the wretches in the street below, he would admit that Austria ever would go to war again. Yet somehow or other, war starts.

I am sure the great majority of the Austrian people had no desire to go to war with Serbia when their archduke was shot at Sarajevo in 1914. But the Hapsburgs decreed war and so war was waged—four long and terrible years of it, leaving Austria in bitter misery.

I am sure also that very few of the Austrian people would have said anything which would have dragged them into their second war, this one even more terrible than the first. They were helpless.

Sitting here, looking out at this forlorn city, I can't help but wonder how long this endless circle of war will continue. The only answer I can think of is that when the people who do the fighting and the dying are able to make the decision regarding war, then there will be no more war.

As long as there are Hitler or Hapsburgs or czars or little groups of men who can order people into battle regardless of their wishes, then just that long there will be war.

Last year I had hoped that the day had come when dictators ceased to have life-and-death power over nations. But now we

see two or three men sitting in Moscow who, almost with a wave of the hand, can take the Russian people into war. I am sure the Russian soldier walking the streets of Vienna has absolutely no desire for war. But some day he may find himself shooting at his former allies, simply because he does not control the decision of his leaders.

That is why I have been so discouraged about the Paris peace conference where the diplomats don't seem to realize that improving the lot of our fellowmen rather than old-fashioned diplomacy is the only road to peace.

Please forgive this reminiscing. I got to thinking about these things as I sat here looking out the window at the despoiled people and at the apartment house across the street. One end is blown away but families are living in the rest of it. There are potted plants in some of the windows, however, and where there are flowers there is always hope.

Please take care of my favorite son-in-law.

YOUR FATHER

Rocket to the Moon.

Army rocket experts are not dreaming when they speak of sending directed missiles to the moon.

Within the next 18 months the first earth-to-moon flight may be history.

More than that, the idea of inter-planetary travel may become an established fact within 30 years. "Man is approaching a new frontier of exploration and knowledge," Maj. P. C. Perhaps, out there in the vast reaches of the universe, man will find a formula for living in peace with his neighbors. Nowhere on earth, within the memory of man, has he been able to discover it—Akron Beacon Journal.

Assignment: America

—By KENNETH L. DIXON

"What About Athens?"

Finds No Agreement.

CHATTANOOGA, Tenn.—"You're going to Athens, you say?" queried the taxi-driver on the way to the bus station. "Well, it's all right now, I guess. But you couldn't have paid me enough to go there a week ago."

What did he think about the Athens election battle, where the ex-GI candidates had to clinch their ballot victory with bullets more than a week ago?

"Well, I dunno what to think. Seems like the GIs musta been right, the way things turned out—and yet you have to think of that sorta thing in this country. It's not the right way to win elections, but I reckon they were just fighting fire with fire. I dunno what to say, but I sure been wondering about it."

He was not alone. Most of the nation seems to be wondering—and watching Athens.

Traveling through the mid-west during the past ten days, this correspondent has listened to countless comment, controversy and speculation over the GI method of meeting force with force at the Athens primary polls.

Some termed it pure biblical justice. "He who lives by the sword"—intoned a Kansas preacher who admitted his two GI sons might have influenced his point of view.

Some said it didn't sound like America, at least North America. "I keep remembering those awful pictures of that big shot down in Bolivia hanging from a lamp-post," said a waitress in Kansas City. "Brrr. I'd hate to think of anything like that starting here. And this seems sorta like it, doesn't it?"

A Kansas City restaurant owner, bitter about the results of the local primary, was less horrified. "That's about what we'll have to do around here if that Pendergast gang takes over again," he said grimly.

Newspapers differed editorially. Most were sympathetic, but while some applauded the GI action, the majority seemed to fear it might be the straw in a violent wind. Many pointed out that violence, once started, is difficult to harness.

"Nuts," exploded an ex-GI bell boy in St. Louis, after reading such an editorial. "They taught us as kids that war was wrong—and then rethought us that it was all right to fight, if we were fighting evil, if it was a last resort. That's what those Joes in Tennessee were doing—just what they'd been taught to do." "Hell," he exploded in conclusion, "how do those stuffed shirts think we won the war they set up for us?"

Even a newspaper publisher in St. Louis said he didn't see "how you can blame these boys. They come back, after what they've been through, and they can't get houses and they can't get decent jobs, and then they vote and find out they can't even get an honest ballot-count at election. They just handled things the way they'd been taught to handle them."

Some politicians admittedly were frightened, and desperately bidding for GI support of their tickets—as well as insisting on GI election judges and officials this fall.

And well they might be worried. Many ex-GIs were looking with a speculative eye on the success of the Athens affair and remembering that the weapons they brought home still would shoot. All through Kansas, Missouri, lower Illinois and Tennessee, I saw those thoughtful looks. It was not a pleasant sight.

Regardless of the difference of opinions over the coup itself—if such it can be called—most people seemed more interested in what comes next. Like the pilot, they wonder whether the GIs will be able to set up an efficient, decent, peaceable government.

They also wonder if there was any outside, organizational influence behind the battle of the Athens barricade and whether it will be followed by other similar battles across the country. With Tennessee revolt against machine politics—with veterans using violence to defeat a rule by violence—has become the country's biggest question mark.

WITH Bing Crosby as part-owner, look for the Pirates to finish in the hit parade if not the world's series next season.

Bing has lost nothing by the switch from track to baseball . . . There's not much difference between left at the post and left on base.

Molotov would make a good owner for a cellar club . . . If he couldn't bat them into first place he'd argue them there.

But the news from Paris continues encouraging . . . And it's good that the small nations have a voice . . . It can be heard occasionally between the angry shouts of the large nations.

There is a definite feeling that the Soviet Union will stay in the United Nations . . . Particularly because it's going to be mighty lonesome outside.

Thomas L. Stokes

Political Bosses Being Left Undisturbed.

WASHINGTON—In a confusing political year devoid thus far of startling issues, Republicans have found a ready-made old one that might become potent with proper handling unless the Truman administration acts to meet it.

That is the control of elections by political bosses, obstructing free exercise of the ballot.

It has been dramatized anew by what happened in Tennessee—both at Memphis, where Boss Ed H. Crump's machine performed again this year in its usual brusque fashion, and at Athens, across the state, where veterans staged an armed revolt against the corrupt Burch Biggs machine.

The Crump and Biggs machines are allied in Tennessee politics and government, so it's the same show.

Nor has it helped the Democratic party or the Truman administration to have the revived Pendergast machine in Missouri publicized at this time, as it has been in the signal victory for President Truman in the defeat of Rep. Slaughter.

The machine issue is being exploited to beloud what was a distinct triumph for the president on the valid national issue he raised.

It was against a member of his own party who tried to block, from his powerful rules committee perch, measures that affect the welfare of the whole country. It was a battle for progressivism and party responsibility within the Democratic party.

Mr. Truman's sponsorship in

his early career by the old Pendergast machine constantly is pointed out by Republicans. Because of that, it had been surmised that the administration might seize the opportunity to counteract this issue by acting vigorously in the flagrant violations of civil right in Tennessee. This seemed not only a matter of good politics, but also of good government, involving as it does cherished American rights.

The record thus far is none too good, especially since Attorney General Tom Clark was amply warned long in advance.

The justice department demonstrated that it can ferret out and punish violations of civil rights of voters when it got convictions, in January, 1943, of three men involved in East Tennessee election frauds, though it took two years and the three men were let off with fines of one cent each. That was in the Roosevelt administration under Attorney General Biddle.

The storm broke in the recent election as forecast, and it is not the best thing for preservation of our democratic principles that became a pitched battle.

Nor is what happened in Memphis on election day, as previously described here, in conformity with our democracy either.

Evidence of violations of the civil rights of voters should not be hard to find in both cases. Isn't it about time somebody did something about these evils in our democracy right here at home?

These lists sometimes include junior officials of the department who could by no stretch of the imagination be considered Communist in their views.

Two Republicans, Sen. Styles Bridges of New Hampshire and Sen. Kenneth S. Wherry of Nebraska, turned up with such lists, demanding that the men whose names were on them be fired immediately. Assistant Secretary of State Donald S. Russell stood firmly for fair treatment.

Russell said that the department had a security committee which investigated the records of those suspected of disloyalty. He said, too, that it was necessary to follow civil-service procedure assuring accused individuals of a fair hearing. As one consequence, the house tacked onto the state department appropriation bill a rider giving Byrnes the right to fire anyone in his department without cause at any time. That is a dangerous power and a dangerous precedent.

The worst offenders, of course, are found on the house un-American activities committee. Here are men with narrow and bigoted minds who engage in a game of political dark-throwing. If there is any purposeful direction, other than petty sniping, in the committee's activity, it cannot be seen with the naked eye.

Representative J. Parnell Thomas of New Jersey and Karl E. Mundt of South Dakota carry on personal vendettas when they are in the mood—and that is often. The committee's chief counsel is one Ernie Adamson, whose qualification for the job seems to be that he shares the obscure prejudices of most of the members of the committee.

Under the best of circumstances, it is difficult to hold good men in the foreign service and on the permanent staff of the state department. George Kennan came back from Moscow the other day after two years as counselor of embassy there, and announced his intention of resigning. Kennan is recognized as one of the foremost experts on Russia. He is, incidentally, the chief world authority on the Russian author, Chekov.

Department officials believe they have persuaded Kennan to stay on. Another Russian authority and one of the ablest men in the department was recently offered \$100,000 by a magazine editor to write four articles. He turned it down because of his devotion to the service.

The un-American activities committee is a menace because it is so incompetent and because the random shots it fires, more often than not, hit innocent persons.

There is a place for a committee—perhaps a joint committee of house and senate—that, with skill and courage, could investigate the extent of Communist influence on American life and, at the same time, could expose the fascist activity of hatemongers like the Ku Klux Klan. But far more harm than good is done by ignorant bumblers.

Sheltered beneath that dusky canopy, a chorus of a million voices rang. Myriads of crickets, a katydid just beginning to tune his instrument, high notes and low, incessant and intriguing.

A sweet note of a song sparrow, up after regular hours; a distant deep-voiced owl, in the high woods; the call of a king rail, disturbed by some night prowler of the swamp.

Waking hours are too short when the August moon is bright and the sky is full of stars. Ears are too dull, senses too frail to grasp the music of the hills and valleys just passing the peak of summer.

Have You a Room to Rent So A Veteran Can Take a Job?

A Solicitor Will Call On You Monday or Tuesday For Your Answer!

Mansfield Needs 5000 Industrial Workers By Jan. 1st

A Message to You Mr. and Mrs. Householder

With Mansfield Industry and other establishments needing thousands of workers to fill jobs now that reconversion and expansions are nearing completion, the United States Employment Service finds that the current local labor market will not be able to accommodate its needs.

To solve this situation, the United States Government, through the USES, has joined with Industry in a labor recruiting campaign to be carried on within a radius of 125 miles of Mansfield. Single men, the great majority of them war veterans, will be recruited for employment in Mansfield. They are jobless now because their home communities cannot provide them with employment.

Our problem, as a city growing into those among the most outstanding in the nation, is to provide these recruits with homes in the form of rooms in private residences. All of them will be carefully "screened" as to their desirability as citizens and to their suitability as occupants of your homes.

Later, when all the aims of a Greater Mansfield are achieved, these men will be home owners—your next door neighbor, because, like you, they saw and took advantage of the opportunities Mansfield has to offer as a progressive and typical American city.

Perhaps you have a son or daughter going to college leaving their room vacant. It may be that you have a spare room that could be furnished comfortably at little expense. Or you may already have an "extra" room. These are possibilities that could provide not only help for an all-important community cause, but could prove a source of extra income for you.

A canvasser will call upon you within the near future. Please be prepared to inform him as to what you can do to assist in this civic movement for a Greater Mansfield. If more convenient, fill out and mail the coupon printed below, and mail it to Civic Housing Committee, 54 North Diamond Street, Mansfield, O.

New York Notes

—By Dorothy Kilgallen

HEYA STRANGER! — How about a nice, restful, breeze-and-air conditioned, soft-lights-and-dreamy-music tour of the town? August is the lazy month in Manhattan. Sultans like Annie Sheridan's drift in and out of the icy reaches of the Club Room. Nothing's very formal; nothing's very fast in tempo. Just relax. Do as you please. Notice the gummy streets in the midtown area and try not to faint when you see beaver and mink and rippling broadtail in the Fifth ave. windows. If the Paris Peace Conference agitates you, be agitated in a cool place like the Bagatelle, where you can sip a tall drink and let your blood pressure lower, and look out the "window" murals at street scenes that make you believe you're in Paris, too.

Take one of those sightseeing tours around New York. It's a breezy informative three hours (even native Gothamites learn a thing or two en route), and it costs just a dollar and a half. Really a nice cruise—but just a friendly suggestion, stop in at a store before you embark and get a rubber cushion to sit on.

Or go via bus and ferry to Palisades Park, where the night air is soft and you'll find high rides, cool drinks and all those irresistible, indigestible amusement park things to eat.

View the ducks and drakes in Central Park, and feed sugar lumps to the hansom horses parked across the street by the Plaza. Then, if you're

hungry, you're hard by a conscientiously good-to-gourmets restaurant called Monte's—on the Park. The decor is grass green, sunshine yellow and Caribbean turquoise, and there's a wonderfully attractive room in back called the Rosewood Room. But despite the glamorous surroundings, the food is anything but the lifted-pinky variety. The steaks are juicy, the French fries are in the best American tradition, the hamburgers are succulent and the ice cream is just about the richest in town.

Don't miss the Cafe de la Paix at the St. Moritz with its lighted fence that surrounds the sidewalk tables and extends the entire street length of the hotel. It's the only thing of its kind in the city, and after dark it looks like a ribbon of lamplight coruscating down the Avenue of the Americas and streaming along Central Park South. When you sit behind this fence

Garden Club Has Luncheon Meeting

A luncheon and business meeting of the Town and Country Garden club was held on Friday afternoon at the home of Mrs. Mildred Bredbeck, Vennum avenue, with 21 members present at the meeting conducted by Mrs. A. M. Schwein, vice president.

An article on "How Good Are Your Club Members?" was read by Mrs. W. W. Willis and the program of the day was in charge of Mrs. David Shelley who presented a quiz on the identification of flowers and shrubs. Prize winners were Mrs. H. W. Gibbs and Mrs. W. W. Willis.

The next meeting will be held on Aug. 23 at the home of Mrs. L. L. Shawber, 491 Marion avenue.

HOLD PICNIC

Members of the Pythian Sisters had a picnic at South Park Friday evening. Prizes for the games played were awarded to Mrs. Ethel Smith, Mrs. Beulah Homberger, Mrs. Margaret Brower, Mrs. Alta Ruby, Mrs. Louise Kooper, and Mrs. Nellie Phipps. The next meeting will be Sept. 27 at the K. of P. hall.

you can really see only the lower halves of the passerby, because that is where the light strikes them, and their upper halves are shaded in darkness. It gives you a queer but amusing sensation of watching half-people walking along the street.

Don't forget to take a stroll along W. 42nd st., which is getting to look more like Chicago's S. State st. every night, if you really want to see how honky-tonk a city can be. Don't miss the animated beer sign on Broadway, or the soapfies ad with the real bubbles rising out of it over the glimmering, noisy street. Just don't miss our town, that's all.

IN THE CASE OF A TOLL CALL, EVEN THO' THE OPERATOR ANSWERS YOUR CALL, ALL CIRCUITS MAY BE BUSY, SO—(CONTINUED)

STATE CLOSES SANITARIUM AFTER ATTACK

Describes Rest Home Near City
as 'Unsuitable'; Aged Man
Under Indictment.

Lakeview sanitarium, where 82-year-old Leotus Franklyn Gatchel received injuries in a beating which caused his death June 10, has been ordered closed by the division of mental hygiene of Ohio's department of public welfare, the News-Journal learned today.

At the same time it was learned that Homer Edward Ewers, 80-year-old roommate of Gatchel, is under jury indictment in connection with the bludgeoning death of the older man.

Dr. Attilio Laguardia, assistant commissioner of the division of mental hygiene, told the News-Journal that he had ordered Lakeview sanitarium to cease operations by Sept. 1, "partly because of the death of Gatchel, but more particularly because the place is not suitable for a nursing home and has never been licensed."

Beating Fatal.
Gatchel died June 10 after he was found severely beaten with a chair in his room early in the morning of June 7. Rolla Matthews, attendant, and C. R. Dotson, sanitarium owner and operator, had reported Gatchel's death as resulting from an attack by the man's roommate, Ewers.

Although it was understood that the recent grand jury had, in mid-June, probed the Gatchel case, no revelation of an indictment was made until today when probate court, which had subsequently found Ewers mentally ill, certified his case to the county commissioners in order to make him eligible for county support money.

Probate Judge S. H. Cramer wrote to the commissioners that Ewers was found mentally ill and "is under indictment by the court of common pleas and cannot be committed to the Columbus state hospital by the probate court."

So, Judge Cramer reported, the case was referred to common pleas court for disposal and Judge Cramer temporarily committed Ewers to Lakeview sanitarium pending disposition of the case in common pleas court.

County Prosecutor Theodore Lutz said today he had requested Dr. C. F. Bateman, superintendent of the Columbus state hospital, to examine Ewers and

recommend procedure prior to his arraignment on the indictment. He did not say what the nature of the indictment is.

Dr. Laguardia explained that Dotson had purchased the farm home building housing the Lakeview sanitarium, which he classified as a "nursing home", from the Mansfield Sanitarium and Hospital which had been licensed to care for five "mildly mentally ill patients."

"The building is not suitable for aged patients. It is not fireproof and does not contain comfortable quarters. We told Dotson to cease operations by Sept. 1 and he has agreed to do that. He has been very cooperative," Dr. Laguardia said.

Transfer Patients.
Dotson said that he plans to transfer his nine patients to the Mansfield Sanitarium and Hospital pending the completion of his new 21-bed home in East Mansfield.

"The new building will be thoroughly modern and fireproof and should be finished within 90 days unless equipment and materials shortages hold us up," Dotson said.

Dr. Laguardia said Dotson promised to apply for a license for his new nursing home and Dotson confirmed this.

Search For Armed Escaper

Northern Ohio law enforcement officials were searching today for an armed escaper, Thomas Fisher, 23, who fled the Sandusky honor camp last Friday with an army automatic revolver, 100 rounds of ammunition, a wrist watch and wearing apparel.

The Erie county sheriff's office reported today that Fisher, who was charged with caring for the commandant's quarters of the Soldiers' and Sailors' home, left the camp while the commandant was away.

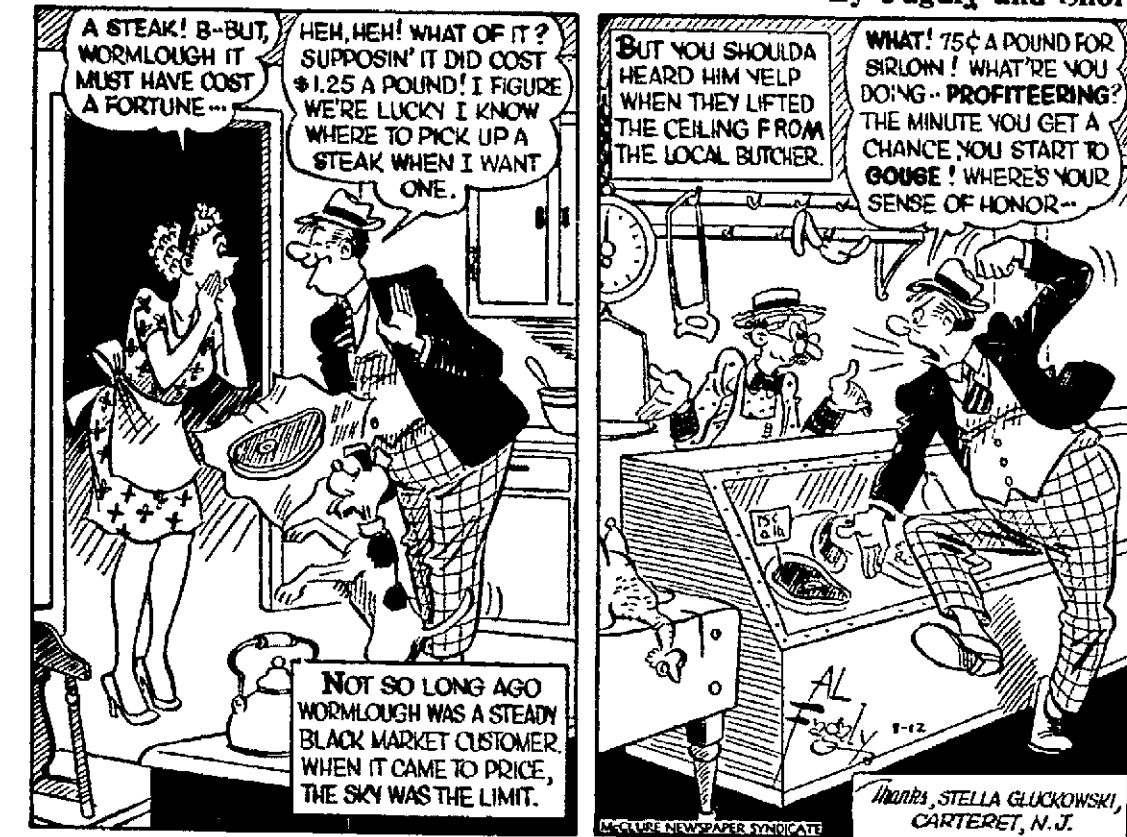

Arthur L. Glatke, reformatory superintendent, said today that Fisher was received on March 23, 1941, from Montgomery county on a charge of operating a motor vehicle without the owner's consent. He was serving a one-to-20-year sentence.

AUTO STOLEN

Wilfred Phillips, 17 South Franklin avenue, today reported to city police that his car was stolen from West Fourth street about 11 p. m. last night. Phillips told police that he had left the keys in his parked car, which he described as a 1936 model.

Police Probe Stabbing, 2 Burglary Attempts In City

Mansfield police were called upon to investigate reports of a prowler, a cutting episode and two possible attempts at burglary over the weekend.

Robert H. Ross, 494 Russell road, told officers he chased a prowler that his dog routed from the weeds at the rear of his lot Saturday night.

Investigation revealed that on Thursday in the same neighborhood an unidentified man attempted to coax a small boy to accompany him to Woodhill road.

Ross described the man he chased as being of slim build, about five feet and eight inches tall, while the boy's mother said the man who approached her son was about the same height and had bushy hair.

Held In Stabbing.
Police held a North Diamond street woman in jail today for investigation in the cutting of Ann Green, 297 North Main street.

Officers said that the Green woman was treated at General hospital for a stab wound in the back.

What might have been an attempt at burglary was investigated when a lock was discovered missing from the runway along the south side of the Brooks Clothing store at 84 North Main street early yesterday. No further entrance was made and nothing was reported missing, police said.

A window was also broken out of the Fox Auto Parts store at 42 West Third street, but investigation revealed that the window was boarded over from the inside and no entry had been gained.

Disclaims Link With Candidates

The Richland County Industrial Union council, parent organization of all CIO labor groups in the county, today disclaimed any connection with petitions it said were being circulated for state candidates of the Socialist-Labor party.

James L. Young, recording secretary of the council, told the News-Journal that "recently several people have been passing petitions in the city asking for signatures and stating that they are trying to place labor candidates on the ballot in this fall's election."

"We wish to make it clear that these petitions are for the Socialist-Labor party and are not in any way connected with the CIO," Young stated.

BUSINESS AT 20 YEAR PEAK

New York Central Boosts
Number of Workers to
450 at Bucyrus.

BUCYRUS—New York Central railroad officials today reported business in Bucyrus at its highest peak in 20 years with approximately 450 shop and road men now working in and out of the Bucyrus yards.

The steadily growing business has necessitated the employment of a second shift to augment the first and third shifts that have been employed.

Twenty-five crews are now working out of Bucyrus, the highest number in 25 years, railroad officials reported.

The harvest season and heavy coal shipments are largely responsible, railroad men believe.

Christ's Power Is Answer To Atomic Age, Pastor Asserts

Despite unusually cool summer weather, more than 500 Mansfielders gathered to worship at Union church services in South park last night in charge of Rev. Willard J. Shawk, pastor of the South Main Street Evangelical church.

Speaking on the subject "Miracle for An Atomic Age," Rev. Shawk told combined Protestant congregations that "The miracle power of Christ is the answer to an atomic age."

He declared that this miracle power is far more powerful than all the atomic energy in the world, and that it can create in men the ability to use this new physical power for the good of mankind. He cited the quest for power as the cry of all ages, with men everywhere seeking control.

"Miracle power is partnership with God, and the dynamite of the church," he stated. "This power is man's greatest need, and it is life."

Especially praised by attending worshippers during the service were two numbers sung by the Main Street Evangelical church choir under the direction of Mrs. E. K. Tingley with Pauline Staller at the piano.
